➤ Pass an Approved Assessment: AP (Government), AP (History), or CLEP (Government)

### **2021-2022** (*20221 and beyond*):

Degrees Impacted: [AA](#), [BAS](#), [BS](#), and [BSN](#)

### **2022-2023** (*20231 and beyond*):

Degrees Impacted: [AA](#), [AS](#), [AAS](#), [BAS](#), [BS](#), [BSN](#) (*all degree programs*)

➤ Pass a Course (*AMH2020* or *POS2041*) or AICE, IB, and CLEP (*History*)\*, or transfer course

**AND**

➤ Pass the Assessment - FCLE

**OR**

➤ Pass an Approved Assessment: AP (Government), AP (History), or CLEP (Government)

- Satisfies both course and assessment requirements

- *AP, AICE, and IB are only available during high school years of enrollment*
- *CLEP is only available at select sites internationally. Remote CLEP is not available internationally.*

# Remote FCLE Process

- Appointments are very limited as they require a live BC proctor in the US
- Must be delivered using TIDE and Zoom in the International Center's designated testing room.
  - Audio and video need to be active in Zoom on the Proctor computer
  - Video needs to be active on student computer in TIDE
- A local proctor must be present during the entire test

## Process for Setting Up Remote Testing

1. Determine students at your center needing to take the FCLE
2. Work with Maria Bernal and Judy Davidoff on available test dates and times
3. Send completed spreadsheet with all required information and send to [Jdavidof@broward.edu](mailto:Jdavidof@broward.edu)
4. You will receive a Zoom invitation with test date login information
5. Make sure the TIDE software is installed
6. Review all provided instructions for day before and day of testing

## Testing Room – Stations – Proctor Desk

The testing room is kept locked at all times. Access is granted during testing, and for cleaning purposes by authorized personnel only. It has the following common characteristics:

- ✓ Single point monitored entry and exit to test room.
- ✓ Ability to maintain visual contact with testing students at all times.
- ✓ Acoustics that do not amplify sounds.
- ✓ Climate control that can be adjusted from the test area.
- ✓ Lighting suitable for extended periods of use.
- ✓ Sufficient space between test stations for examinee comfort and exam security.
- ✓ Bathroom facilities located nearby.
- ✓ Water fountain located nearby.

Students are placed 3.0 feet away from each other during testing, to maintain sufficient safe distance. We can take a maximum of 2 students at each sitting.

All testing guidelines are posted in the front of the room, and next to the testing stations.

After sitting at their assigned desk, the students will receive pencils and scratch papers.

Our stations/equipment will be only used for testing purposes.

All laptops require log-in information and possess website-blocking software to prevent access to unauthorized websites during testing.

A separate area outside the testing room is provided for students to keep their belongings before entering the testing room. Students are only allowed to carry their photo ID, wallet, and key to the provided locker, while taking the test.

Figure 2: Lockers provided for examinees to keep their belongings.

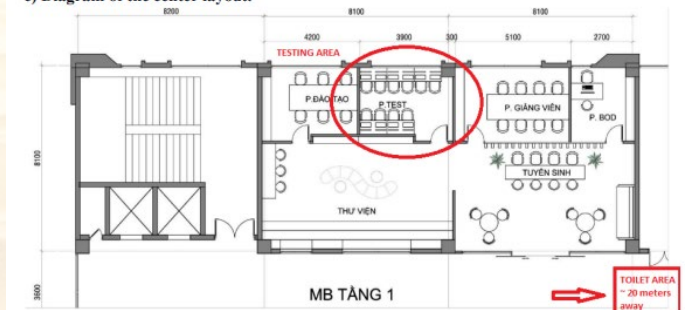

The following pictures display the entrance of the testing room, views of the stations – students and proctor, and view of the testing room.

## d) Check-in station:

The students will check in for the test at the Reception for the Individual/Small Group Testing set-up.
