Remote FCLE Process

Remote FCLE

- Appointments are very limited as they require a live BC proctor in the US
- Must be delivered using TIDE and Zoom in the International Center's designated testing room.
  - Audio and video need to be active in Zoom on the Proctor computer
  - Video needs to be active on student computer in TIDE
- A local proctor must be present during the entire test

Process for Setting Up Remote Testing

1. Determine students at your center needing to take the FCLE
2. Work with Maria Bernal and Judy Davidoff on available test dates and times
3. Send completed spreadsheet with all required information and send to Jdavidof@broward.edu
4. You will receive a Zoom invitation with test date login information
5. Make sure the TIDE software is installed
6. Review all provided instructions for day before and day of testing
