TRANSFER OPTIONS

BROWARD COLLEGE
**WORLD
CONFERENCE**
2022 • VIRTUAL

- Students who seek to continue their studies after graduating from Broward College may transfer to a four-year institution. Broward College has partnered with other institutions in a formal agreement or an "articulation" agreement that outlines the institutions' admission requirements.
- The Office of Transfer Services supports Broward College graduates transfer smoothly, without disruption in their education and career goals.
 - Students must complete their AA and earn 60 credits hours (in the requirement areas)
 - Students are GUARANTEED ADMISSION to the State University System (FCS), BUT not necessarily to the specific program, teachers' certification, audition-for-acceptance program, nor a specific bachelor program.
