CINCINNATI

Broward International Center UC Transfers 2018-2022

- Vietnam – 10 graduates
- China - 3 graduates
- Sri Lanka – 1 graduate
- And 6 intl. Broward graduates from Florida!

From Broward Graduates

For me, Cincinnati is a great university and is very friendly and helpful to international students and transfer students. Take one thing that happened to me, a student who studied abroad and transferred. I should have gone to the United States to study in 2020, but I couldn't go to the United States due to the epidemic. In this case, UC's technology department has built a very easy-to-use learning platform (i.e. canvas), so that our students can better study online. Also, at that time, UC generously promulgated a large scholarship, Bearcat. These two things can show how much UC attaches importance to students.

-Rui Zhang

2019 Broward Graduate and current UC student in Information Technology program

From Broward Graduates

"UC has a wonderful system for students to use such as Canvas for studying, Catalyst for academic information, UC Volunteer to find a volunteer, and so on. Besides that, the academic advisor at UC really enthusiastic and quick response when I need help. Beautiful campus and have a lot of good views to take some pictures. High-quality, enthusiastic and professional professors. Besides that, Cincinnati is a city not too cold in the winter and the summer is the same as the summer in Vietnam, but not too hot as that. I really love this city and the University of Cincinnati. UC is a really good option for transfer students."

Duyen Pham

Fall Semester Deadlines

UC operates on **rolling admissions**, meaning that students may be admitted to the university as long as there is space available in the program. After the application deadline, programs may close without warning.

An aerial photograph of a university campus. In the center-right, there is a large, modern stadium with a curved roof and seating. To the left of the stadium, there are several large, multi-story academic buildings with brick and stone facades. A large green lawn with a grid pattern of paths is in the center. In the foreground, there is a large, historic-looking building with a prominent steeple. The campus is surrounded by trees and other urban buildings.

CHALLENGES PRESENTED BY COVID-19

FLORIDA INTERNATIONAL UNIVERSITY, MIAMI, FL

○ ○ ○ ○

OBSTACLES

The three primary challenges our students experience as they return to school in the post-COVID19 world are access, funding, and acclimating to the new environment. Many students in our 2 + 2 pathway have more support and less exposure to these transitional challenges.

Student Access

Term deferrals and visa delays surrounding closures and reopenings

Funding

Economy impacted by the pandemic, students require additional support

Transition to University Life

After 18+ months of remote learning, students are faced with challenges or acclimating to university life

Quick Facts About FIU

1776-2025
FIU is a public research university in Miami, Florida, United States.

FIU is a public research university in Miami, Florida, United States. It is one of the largest universities in the state.

FIU is a public research university in Miami, Florida, United States.

FIU is a public research university in Miami, Florida, United States. It is one of the largest universities in the state.

FIU is a public research university in Miami, Florida, United States. It is one of the largest universities in the state.

(U.S. News & World Report)

96% of students are from the state of Florida.

#4 in the nation for research output.

9000 students are enrolled in the university.

58,000 students

- Public, research, state university in Florida
- 6 campuses along south Florida coastline
- Online upper division programs
- Perfect size campus at 30,000 students
- Most diverse institution in the state of Florida.
