- SGA CAFÉ

STUDENT ACTIVITIES

ACADEMICS

- The academic year is divided into 7 five week terms, and we generally take two courses per term.
- The classes are demanding and give us a good idea of what classes will be like when we go to universities in the U.S.
- Classes are small (smallest class 4 students, largest class has 14 students), so very personalized.
- Professors are very helpful.

Daniela Lara

Creating a sustainable and prosperous future

- Business management with a focus on sustainability.
- University of Central Florida
- Student at International University since fall 2014
- Sophomore Class Representative

Nicolás Pinto

- I am a freshman student and the vice-president of the student council
- I am always interested in extracurricular activities of any kind such as building houses for low income people
- I took this program because I saw it as a good opportunity
- What I like about IUSC is the teaching method
- I want to study in the University of Florida and get a business degree
- My objectives for the future are coming back to Bolivia and start my own business

Milena Gigliotti

- Born and raised in Santa Cruz, Bolivia
- Business Major
- Student Government Association President
- Volunteer at animal shelter.
- Volunteer at a local hospital, work with children at cancer ward.
- What I really like about this program is the opportunity it has given me to receive an American education while living in my home country.
- Top choices: Suffolk University in Boston, State University of New York at Plattsburgh.
- Once I finish my bachelor's degree, I plan on returning to Bolivia to open an authentic Italian restaurant in honor of my family's heritage.

Chiara Bottega

- I am from Cochabamba, Bolivia.
- I am the Freshman representative
- I want to study nutrition and dietetics, because I see the struggle of people trying to take care of their body.
- I enjoy being around animals, socializing, and playing sports.

Chiara Bottega

- I would like to study in Florida or near Florida.
- I enjoy the Broward College Program, because I have the opportunity to create a better future.
- I chose the Broward College Program because I want to expand my horizons, and get to know and learn as much as possible of the world.

Talis Montero

- Great Opportunity!
- Time
 - Classes
- Affordable
 - Professors
 - Small Community

Sophomore!

Joel Shriqui

Theoretical physicist in the making.

- Born in Bolivia, went through a few local schools, and a couple in the US.
- Graduated from high school uncertain about my future; thought about going into computer science, not a good choice.
- Thanks to iUSC I was able to spend time refining my academic objectives until I was comfortable with them and decided to pursue my dream career.
- Plan to study physics in Colorado, (Boulder or Denver), and later further my academic career and do research.
- Treasurer in the student government, enjoy managing the finances and performing analysis in order to best organize fund-raising events.

- We are open to answering any questions you may have!
