GENERAL STATEMENT
ESSENTIAL EMPLOYEES IN CASE OF EMERGENCIES OR COLLEGE DECLARED CLOSING:

Employees whose position responsibilities entail duties that are required to maintain the essential operations of the College before, during and after a College-declared closing/emergency are designated as essential employees. In most cases, this designation will be noted on the employee’s position description and/or employees will be notified prior to a College-declared closing/emergency regarding this designation. In the event of a scheduled closing such as federal holiday observed by the College, winter break, spring break, etc., essential personnel may be required to work. The determination of which essential personnel may be required to report for work can vary depending on the type of situation which precipitated the closure.

In the event that the President of the College or his/her designee or the Board of Trustees or any other public official declares an emergency and directs the College to commence emergency operations and/or requires the College facilities to be closed, identified, essential personnel will be required to report to a work location specified by management. During such a closing, designated essential personnel may be required to perform duties assigned by their supervisor that may vary from their normal responsibilities or work schedules until circumstances permit an orderly transition to pre-closure routines. Emergency conditions may include but are not limited to hurricanes, windstorms, tornadoes, civil disturbances, and/or enemy attack.
