**GENERAL STATEMENT**

The purpose of this policy is to define Broward College’s (the “College”) position of allowing specific course substitutions. As a part of the statewide course numbering system, the College works to facilitate student acceleration and the transfer of students and credits between public school districts, public postsecondary educational institutions, and participating nonpublic educational institutions per §1007.24 F.S.

1. Upon determination of equivalency between a course or courses taken at another regionally accredited (or approved through the State Course Numbering System from a non-regionally accredited institution and/or program and a Broward College course, or courses;
2. Upon determination that the substitution of a course, or courses, in a sequence normally required by any degree or certificate program, may benefit the student given his/her academic or career goals, and would not alter the fundamental nature of the program of study;
3. To enable a student to repeat the transferred course to improve a grade for which no identical number and/or title exists in the College course dictionary.

**B. Broward College Course(s)**

1. Substitutions for program and graduation requirements for eligible students with disabilities are covered by BC policy 6Hx2-4.09 and procedure A6Hx2-4.09.
2. Substitutions for individual courses not covered by policy 6Hx2-4.09 should only be made under extenuating circumstances and only after all reasonable options to accommodate student needs have been exhausted.
3. Substitutions that result from program closures will be covered by the teach-out plan submitted to the accrediting agency.

In cases where a request is made to substitute a technical course for an elective course to fulfill the requirements for the Associate in Arts or Associate in Science degree, the student will be required to sign Course Substitution and Waiver Form indicating that he/she fully realizes that some colleges and universities will not accept technical courses as transfer credit toward fulfillment of the requirements of a baccalaureate degree program.

A petition for a course waiver in any area of General Education that is part of the Associate of Arts degree requirements must be recommended by the appropriate Associate Dean and approved by both the Pathway
