

2026

ANNUAL SECURITY REPORT AND SAFETY INFORMATION

**BROWARD[®]
COLLEGE**

**SAFETY, SECURITY and
EMERGENCY PREPAREDNESS**
BROWARD COLLEGE — **954-201-HELP (4357)**

A MESSAGE FROM THE ASSOCIATE VICE PRESIDENT

On behalf of the Department of Safety, Security, and Emergency Preparedness (DSSEP), thank you for taking the time to review the Broward College 2026 Annual Security Report. This report provides important information about campus safety programs, emergency preparedness initiatives, reporting procedures, and crime statistics.

Broward College is dedicated to maintaining a safe, secure, and welcoming environment for our students, faculty, staff, visitors, and community. During the past year, the District Board of Trustees approved significant investments in public safety technology and infrastructure, including the expansion of the Alertus emergency notification platform, the replacement and enhancement of Blue Light Emergency Call Towers and parking garage Emergency Call Boxes, and upgrades to the College's Public Safety Radio Communications System. These improvements strengthen our ability to communicate, coordinate, and respond effectively during both routine operations and emergency situations.

This comprehensive report includes certain crime statistics that Broward College, as a state institution, is required to disclose. The crime, arrest, and referral statistics tabulated and presented in this report include those reported to local law enforcement agencies, Public Safety, the Office of Student Services, Campus Security Authorities (CSAs), and Responsible Employees. This publication also contains specific information about on-campus and off-campus resources.

I would like to recognize our dedicated Public Safety professionals whose commitment, professionalism, and service help ensure that Broward College remains a safe place for all who study, work, and visit Broward College.

Thank you for taking the time to learn more about campus safety.

It is an Honor to Serve You!

James C. Dunkelberger
Associate Vice President

CLERY ACT

OVERVIEW

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal consumer protection law that promotes transparency regarding campus safety and security. The law applies to colleges and universities that participate in federal financial aid programs and requires institutions to disclose information about crime on and around campus, campus security policies, and safety-related procedures.

PURPOSE OF THE CLERY ACT

The Clery Act is designed to:

- Provide students, employees, and the public with accurate information about campus crime and safety.
- Support informed decision-making regarding higher education institutions.
- Encourage crime awareness, prevention, and reporting.
- Promote campus safety through transparency and accountability.

ANNUAL SECURITY REPORT (ASR)

Institutions subject to the Clery Act must publish and distribute an Annual Security Report (ASR) by October 1 each year. The report includes:

- Crime statistics for the previous three calendar years.
- Campus security and safety policies.
- Procedures for reporting crimes and emergencies.
- Information regarding emergency notifications and timely warnings.

- Policies addressing sexual assault, dating violence, domestic violence, and stalking.
- Alcohol, drug, and weapons policies.

CLERY CRIME REPORTING

The Clery Act requires institutions to collect and report certain categories of crimes that occur within designated Clery geography, including:

- Criminal homicide
- Sexual assault
- Robbery
- Aggravated assault
- Burglary
- Motor vehicle theft
- Arson
- Hate crimes
- Dating violence
- Domestic violence
- Stalking
- Arrests and disciplinary referrals for liquor, drug, and weapons violations

INSTITUTIONAL COMMITMENT

Broward College is committed to maintaining a safe and secure learning and working environment. Through compliance with the Clery Act, the institution provides timely information, encourages crime reporting, enhances safety awareness, and supports prevention and response efforts for students, faculty, staff, and visitors.

PREPARATION AND AVAILABILITY OF THE ANNUAL SECURITY REPORT

The Broward College Department of Safety, Security, and Emergency Preparedness (DSSEP) prepares this Annual Security Report in collaboration with appropriate College offices and the law enforcement agencies with jurisdiction over areas within the College's Clery geography. The report is prepared in accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 U.S.C. § 1092(f)) and its implementing regulations under 34 CFR § 668.46.

This report compiles crime statistics from records maintained by Broward College Public Safety, reports submitted by Campus Security Authorities

(CSAs) and other College officials, and crime statistics obtained from local law enforcement agencies serving Broward College campuses and centers. The report includes crime statistics for the three most recent calendar years required under federal law.

Broward College publishes the Annual Security Report by October 1 each year. Students and current employees are notified of the report's availability and how to access it online at broward.edu/safety. Prospective students and prospective employees are also provided notice of the report's availability and content and may request a copy of the report.

DEPARTMENT OF SAFETY, SECURITY AND EMERGENCY PREPAREDNESS

MISSION STATEMENT

The Department of Safety, Security, and Emergency Preparedness is committed to safeguarding the college community by providing exceptional public safety services, fostering a secure and welcoming learning environment, and promoting a culture of preparedness. Through proactive engagement, professional service, and innovative security solutions, we support the success and well-being of every student, faculty member, staff member, and visitor.

VISION

The vision of the Department of Safety, Security, and Emergency Preparedness is to be a trusted and innovative leader in higher education public safety, partnering with our college community to build a resilient, prepared, and secure campus environment through collaboration, emergency readiness, and the strategic use of emerging public safety technologies.

ORGANIZATIONAL HIERARCHY

PUBLIC SAFETY

OPERATIONS DIVISION

The Operations Division is the primary public safety and security component of the Department of Safety, Security, and Emergency Preparedness. The Division provides campus-wide security services, emergency response, crime prevention, incident management, and public safety support for students, faculty, staff, visitors, and College property.

Led by the Operations Captain, the Division oversees security personnel and coordinates safety operations across college campuses and designated off-campus facilities. Through proactive patrol, emergency preparedness, community engagement, and strategic partnerships, the Division supports a safe and secure learning and working environment.

Captain
Ira Rosenberg

DIVISION LEADERSHIP & STAFFING

The Operations Division consists of:

- **Operations Captain** – Provides leadership, strategic direction, and oversight of Division operations.
- **Administrative Assistant** – Provides administrative support, records management, scheduling, reporting, and operational coordination.
- **Lieutenants (North/South/Central)** – Oversee campus operations, personnel, and public safety activities within assigned regions.
- **Sergeants** – Supervise Public Safety Officers, manage shift operations, coordinate incident response, and ensure operational readiness.
- **Public Safety Officers** – Provide patrol services, respond to incidents and emergencies, conduct preliminary investigations, and support crime prevention and community safety initiatives.

The Division also provides security oversight for:

- Willis Holcombe Center
- Miramar West Center
- Pines Center
- YMCA Building (Second Floor)
- Tigertail Lake

This staffing structure ensures effective supervision, operational coverage, and flexibility to address the security needs of all College locations.

FUNCTIONAL AREAS

Patrol & Campus Security

Provides visible patrols of campus facilities and grounds to deter crime, identify safety concerns, and support community safety.

Emergency Response

Responds to emergencies, medical incidents, fires, hazardous conditions, threats, and suspicious activity, coordinating with external response agencies as needed.

Investigations & Incident Reporting

Conducts preliminary investigations, documents incidents, preserves evidence, and coordinates follow-up with internal departments and external agencies.

Crime Prevention & Community Engagement:

Promotes campus safety through crime prevention programs, awareness campaigns, outreach activities, and community partnerships.

Safety Education & Outreach:

Provides presentations and educational programs on personal safety, emergency preparedness, sexual violence prevention, alcohol and drug awareness, suicide prevention, CPR awareness, bicycle safety, and related topics.

Access Control & Security Systems

Coordination:

Supports security infrastructure, including access control systems, surveillance cameras, emergency phones, alarms, and related technologies in

collaboration with Support Services and Physical Security Technology personnel.

Parking & Traffic Safety:

Supports traffic management, pedestrian safety, parking enforcement, and vehicle-related incident response.

Victim & Community Support:

Provides information, assistance, and referrals to individuals affected by crime, emergencies, or other safety-related incidents.

Risk Management & Safety Assessments:

Conducts security assessments to identify hazards and vulnerabilities and recommends improvements to reduce risk and enhance campus safety

PUBLIC SAFETY

SUPPORT SERVICES

The Support Services Division serves as a critical administrative and operational support component of the Department of Safety, Security, and Emergency Preparedness. The Division provides centralized oversight and coordination of essential functions that support departmental operations, organizational effectiveness, regulatory compliance, fiscal accountability, communications, physical security, and resource readiness.

Led by the Support Services Captain, the Division encompasses six primary functional areas: Executive Support Services, Communications, Physical Security, Budget/Fiscal, Fleet & Logistics, and Clery Compliance. Through these areas, the Division provides the infrastructure, resources, systems, and administrative support necessary to sustain effective public safety operations and advance departmental priorities.

Captain
Carlette Dubuisson

DIVISION LEADERSHIP & STAFFING

The Support Services Division is comprised of the following positions:

- **Support Services Captain** – Provides overall leadership, strategic direction, administrative oversight, and accountability for all functions within the Division.
- **Assistant Director** – Supports Divisional leadership and provides management and operational oversight, particularly within Communications, and other assigned administrative functions.
- **Physical Security Manager** – Oversees physical security operations, systems, projects, and related security initiatives.
- **Physical Security Coordinator** – Supports the coordination, implementation, and maintenance of physical security systems and services.
- **Communications Supervisor** – Manages daily communications operations and supervises a team of six full-time dispatchers and four part-time dispatchers.
- **Executive Assistant** – Provides executive-level administrative and organizational support to departmental leadership and assists with preparing purchase requisitions, processing payments, and ensuring accurate financial documentation and tracking.
- **Compliance Coordinator** – Coordinates Clery Act compliance activities, documentation, reporting requirements, and

related institutional and department compliance efforts.

- **Fleet & Logistics Quartermaster** – Manages departmental fleet, uniforms, equipment, inventory, logistical resources, and related operational support functions.

FUNCTIONAL AREAS

Executive Support Services

Provides executive and administrative support to departmental leadership, including coordination of correspondence, records, meetings, projects, documentation, purchasing support, and other administrative functions necessary for efficient departmental operations.

Communications

Serves as the Department's central communications and dispatch function, supporting public safety operations through call intake, radio communications, incident coordination, information dissemination, and officer support. The Communications team consists of six full-time and four part-time dispatchers under the supervision of the Communications Supervisor.

Physical Security

Supports the safety and security of college facilities through the coordination, management, and maintenance of physical security systems and infrastructure. This area supports security technology, access control, identification systems, and other physical security initiatives designed to protect people, property, and facilities.

Budget/Fiscal

Supports responsible oversight of departmental financial resources through budget monitoring, expenditure tracking, purchasing and procurement coordination, invoice processing, financial documentation, projections, and fiscal reporting. This function helps ensure departmental resources are managed efficiently and in accordance with institutional requirements.

Fleet & Logistics

Provides logistical support necessary to maintain departmental operational readiness. Responsibilities include fleet coordination and maintenance, vehicle and equipment accountability, uniform and supply management,

inventory control, distribution of departmental resources, and coordination of other logistical needs.

Compliance

Coordinates departmental responsibilities associated with the Jeanne Clery Campus Safety Act, including crime data collection, documentation, reporting, compliance coordination, departmental compliance initiatives, and support required institutional disclosures. This function works collaboratively with internal stakeholders to promote accurate reporting, strengthen departmental compliance practices, and support continued regulatory compliance.

PUBLIC SAFETY TRAINING

The Public Safety Training Program serves as the Department's centralized training and professional development function. The program coordinates training, compliance requirements, employee development, and workforce readiness to ensure personnel are prepared to support the safety and security needs of the Broward College community.

Through classroom instruction, practical exercises, and scenario-based training, the program promotes operational excellence, preparedness, compliance, and professional growth.

Director
Margarita Varela

DIVISION LEADERSHIP & STAFFING

Director, Public Safety Training – Provides leadership and oversight of training, professional development, academy operations, compliance programs, and workforce readiness initiatives.

FUNCTIONAL AREAS

Public Safety Officer Academy

Provides foundational training for newly hired Public Safety Officers in campus safety, patrol operations, emergency response, customer service, ethics, report writing, first responder skills, and threat awareness.

New Employee Orientation

Coordinates onboarding programs that introduce personnel to departmental operations, College policies, organizational culture, and job responsibilities.

Behavioral Threat Assessment & Reporting Training

Provides Threat Evaluation and Reporting Overview (TERO) and Threat Evaluation, Reporting, and Collaboration (TERC) training to strengthen threat identification, reporting, collaboration, and violence prevention efforts.

Active Assailant Preparedness

Supports active assailant preparedness through awareness training, emergency response education, situational awareness, Run, Hide, Fight principles, and Florida House Bill 757 compliance.

Field Training Officer (FTO), Communications Training Officer (CTO) & Sergeant Development Programs

Provides structured training, mentorship, coaching, and performance evaluation for newly hired Public Safety Officers and communications personnel, while providing leadership development and specialized training for personnel advancing into Sergeant roles through the Sergeant Academy.

Emergency Response & Specialized Skills Training

Coordinates specialized instruction in first aid, CPR, IFAK application, defensive tactics, parking investigations, scene safety, traffic control, emergency response, and other operational competencies

EMERGENCY MANAGEMENT

The Emergency Management Division serves as the College's emergency preparedness, response coordination, and recovery function within the Department of Safety, Security, and Emergency Preparedness. Using an all-hazards approach, the Division supports risk reduction, preparedness, incident coordination, continuity of operations, and recovery efforts.

The Division, in collaboration with the department's Operations and Support Services Divisions, including the Security Operations Center (SOC), manages Everbridge, which is the BC Alert Mass Notification System, to provide timely emergency notifications and protective action information to students and employees.

Senior Director
Anson Huckleby

DIVISION LEADERSHIP & STAFFING

Senior Director – Provides leadership and oversight of emergency planning, training, exercises, communications, continuity planning, and incident coordination.

Emergency Management Coordinator – Supports emergency plans, preparedness programs, training initiatives, exercises, notification systems, and response activities.

FUNCTIONAL AREAS

Emergency Planning & Preparedness

Develops and maintains College-wide emergency plans and procedures addressing natural, technological, and human-caused hazards. Planning includes active assailant response, family reunification, evacuation, shelter-in-place, continuity, recovery, and campus-specific emergency plans.

The Division follows National Incident Management System (NIMS) and Incident Command System (ICS) principles to support a coordinated and scalable response framework.

Emergency Communications & Warning

The Division in collaboration with the departments Operations Division, Support Services Division and Communications Department Administers the BC Alert Mass Notification System (Everbridge) to provide timely emergency notifications and protective action information to students and employees.

The Division also supports the Everbridge 360 mobile application and safety reporting platform, which enables reporting of suspicious activity, safety concerns, and potential threats in compliance with Florida House Bill 757.

The program coordinates testing and maintenance of emergency communication systems, including Blue Light Emergency Towers equipped with emergency broadcast capabilities.

The Division coordinates preparedness education, drills, and exercises for students, employees, Public Safety personnel, and College leadership.

Training topics include:

- Emergency notifications
- Evacuation procedures
- Shelter-in-place procedures
- Active Assailant Training
- Emergency roles and responsibilities
- Incident Command System awareness
- General preparedness and response

Tabletop and functional exercises evaluate plans, communications, operational coordination, family reunification procedures, continuity capabilities, and partnerships with external agencies.

Emergency Operations & Incident Coordination

Supports significant incidents through information sharing, situational awareness, resource coordination, and leadership support.

The Division is fully integrated with local law enforcement, fire-rescue, public safety operations

Division and the college's Security Operations Center functions. The Division applies NIMS/ICS principles to support operational coordination, documentation, and a common operating picture during incidents.

Severe Weather & Situational Awareness

The division monitors hazards and emerging threats affecting College operations, with emphasis on hurricanes, tropical systems, and severe weather.

The program provides preparedness guidance, operational updates, and decision support while coordinating with the Broward County Emergency Operations Center, National Weather Service, National Hurricane Center, and other partners.

Partnerships & Continuous Improvement

The Division develops and maintains partnerships with law enforcement, fire rescue, emergency

management, public health agencies, and other public safety stakeholders.

Key activities include:

- Joint planning
- Training and exercises
- Site familiarization visits
- Information sharing
- Emergency response coordination
- Interagency preparedness initiatives

Following significant incidents or exercises, the Division conducts After-Action Reviews and Improvement Plans to enhance plans, training, technology, and operational capabilities through a continuous improvement cycle:

PLAN → TRAIN → EXERCISE → EVALUATE → IMPROVE

CAMPUSES AND CENTERS

Broward College does not have a sworn campus police force, but employs non-sworn, unarmed Public Safety Officers (which include Officers, Corporals, and Sergeants). Broward College Public Safety is available 24/7/365 by calling 954-201-HELP (4357).

All Broward College Public Safety Officers have Class D security licenses issued by the State of Florida and/or an active law enforcement certification. Their responsibilities include assisting students, faculty, staff, and visitors, providing traffic control and direction, responding to incidents on

Broward College property, assisting in building evacuations, and identifying individuals on college property to determine if they are there for lawful business at Broward College.

Public Safety Lieutenants manage the Public Safety Departments at each of our main campuses and centers. They are responsible for planning, organizing, and overseeing the daily operations of the Public Safety Department at their assigned location, ensuring a safe and secure environment for students, faculty, staff, and visitors.

PUBLIC SAFETY JURISDICTION, AUTHORITY, AND RELATIONSHIP WITH LAW ENFORCEMENT

Public Safety has jurisdiction on all Broward College property. Property includes all campuses, partnership centers, and administrative centers. Broward College does not have any officially recognized student organizations with non-campus locations and therefore does not use local police to monitor and record criminal activity and non-campus locations of student organizations.

At Broward College, our public safety officers are proactive in ensuring your safety. While they may

not have arrest authority beyond that of an ordinary citizen, they are quick to refer all criminal incidents to police officers assigned to the campus and the local police department with jurisdiction over a specific campus or learning center. In any given scenario, our officers are expected to provide all possible assistance, ensuring that such aid does not pose a risk to the officer, or unrelated individuals not implicated in the incident.

LAW ENFORCEMENT AGENCIES

Broward College maintains professional and cooperative working relationships with the Coconut Creek Police Department, the Town of Davie Police Department, the Pembroke Pines Police Department, the Miramar Police Department, the Fort Lauderdale Police Department, and the Broward Sheriff's Office. These law enforcement agencies provide responses to campus emergencies, conduct criminal investigations, and complete applicable law enforcement reports within their respective jurisdictions. The Associate Vice President (AVP) of Public Safety maintains regular communication with college senior leadership, Deans, and representatives from local law enforcement agencies with jurisdiction over Broward College campuses and partnership centers. These collaborative relationships support the coordination of public safety initiatives and emergency response, strengthen partnerships with public safety stakeholders, and facilitate the timely exchange of information regarding suspicious incidents, criminal activity, emerging trends, and best practices.

Public Safety Officers are responsible for campus safety and security functions, including patrol, incite law response, report documentation, and coordination with responding to law enforcement agencies. Criminal matters requiring law enforcement action are referred to the law enforcement agency with jurisdiction over the location where the incident occurred.

As an extension of these collaborative law enforcement partnerships, Broward College utilizes contracted law enforcement detail services to provide an armed law enforcement presence at its campuses. Contracted sworn law enforcement officers supplement the College's Public Safety Officers by providing a visible presence intended to deter criminal activity and enhance the safety and security of the campus community. These officers possess the law enforcement authority granted by their respective agencies, including the authority to respond to criminal incidents, conduct law enforcement investigations, make arrests, and take appropriate enforcement action. Public Safety Officers continue to perform their designated campus safety and security responsibilities and coordinate with contracted law enforcement officers when incidents require police intervention or response. This coordinated approach strengthens the College's overall capacity to prevent, deter, and respond to criminal activity and other public safety concerns.

All crime victims and witnesses are strongly encouraged to promptly and accurately report criminal activity to Broward College Public Safety and to the law enforcement agency with jurisdiction over the location where the incident occurred, including when the victim elects to, or is unable to, make such a report personally.

REPORTING

A CRIME OR INCIDENT

PROCEDURES FOR REPORTING A CRIME OR INCIDENT

1. Call 911 (for Police, Fire or Medical Emergency)
2. Call 954-201-HELP (4357)

All students, faculty/staff members, and guests of Broward College are encouraged to immediately call 911 to report to police, fire, and medical emergencies.

Non-emergency reports, including criminal activity and suspicious activity occurring at any Broward College campus or partnership center, should be reported to Public Safety by calling 954-201-HELP (4357). Reporting incidents promptly helps ensure an appropriate response and supports the safety of the Broward College community.

REPORT A TIP

Broward College offers the Everbridge 360 mobile application, which allows members of the College community to submit safety concerns and suspicious activity directly to the Security Operations Center.

The Everbridge 360 Tip feature can be used to:

- Report suspicious or concerning behavior.
- Submit information about potential criminal activity.
- Provide photos or other supporting information, when available.
- Report concerns that may require follow-up by Public Safety.

The Security Operations Center monitors submitted tips and coordinates an appropriate response with Public Safety and, when necessary, local law enforcement or other emergency responders.

RESPONSE TO A CRIME REPORT

Public Safety personnel are available 24 hours a day, seven days a week, to respond to calls for service on Broward College property. Public Safety Officers will respond to reported incidents, meet with reporting parties at any campus location, conduct preliminary investigations as appropriate, and assist with contacting the appropriate local law enforcement agency when necessary.

Reported crimes may be investigated by the College and, when applicable, may become a matter of public records. Information obtained during an investigation may also be referred to the Office of the Student Ombudsperson for review and any appropriate administrative action.

When assistance is needed from a local law enforcement agency or fire department, Public Safety will promptly notify the appropriate emergency response agency. In cases involving reports of sexual assault or rape, Public Safety personnel and other College staff, as appropriate, will provide the victim with information about available resources, support services, and other assistance.

TIPS FOR REPORTING CRIMES OR EMERGENCIES:

Providing accurate and timely information can help Public Safety and emergency responders respond quickly and effectively.

- Know your location. Be prepared to provide the campus, center, building name or number, room number, or nearby landmarks. Familiarizing yourself with frequently visited areas can help emergency personnel locate you more quickly.
- Provide as much detail as possible. Describe what happened when it occurred, and

Broward College encourages all students, employees, and visitors to report crimes and suspicious activity directly to Public Safety or local law enforcement. However, individuals who prefer to report an incident to another College official may do so through a designated Campus Security Authority (CSA).

A Campus Security Authority is a college official who has significant responsibility for student and campus activities. At Broward College, CSAs include, but are not limited to:

- Academic Deans and Associate Deans
- Student Life Directors
- Student Services administrators and staff
- Faculty advisors to recognized student organizations
- Athletic personnel
- Public Safety personnel

whether anyone is injured or in immediate danger.

- Describe individuals accurately. Include details such as approximate age, height, weight, physical characteristics, clothing, accessories, and any other distinguishing features.
- Describe vehicles thoroughly. If a vehicle is involved, provide the make, model, color, license plate number (if known), distinguishing features or damage, and a description of the driver and any passengers.

CAMPUS SECURITY AUTHORITY (CSA)

- Other designated College officials with significant responsibility for student and campus activities

CSAs are responsible for receiving reports of Clery Act crimes and forwarding those reports to the Department of Safety, Security, and Emergency Preparedness. Reports submitted to the CSA are reviewed to determine whether they are Clery Act reportable crimes, whether a Timely Warning or Emergency Notification is warranted, and whether the incident should be included in the College's Annual Security Report and Daily Crime Log, as required by law.

The Office of Talent and Culture, Human Resources, in collaboration with the Department of Safety, Security, and Emergency Preparedness, identifies and designates Campus Security Authorities based on their job responsibilities. Designated CSAs receive annual training on their reporting obligations under the Clery Act, including how to recognize, document, and promptly forward crime reports to Public Safety.

BROWARD COLLEGE DAILY INCIDENT LOG

Each Broward College Public Safety office maintains a Daily Crime Log to provide the College community with timely information about crimes reported to Public Safety. The Daily Crime Log includes all crimes reported to Public Safety and contains the date the crime was reported, the date and time the incident occurred, the general location, the nature of the crime, and the disposition of the case, if known.

The Daily Crime Log is available for public inspection during normal business hours. The most recent 60 days of entries are available for review without the need for a formal request. Crime log entries older than 60 days are available upon request and will be provided within two business days, as required by the Clery Act. New entries or

updates are recorded in the log within two business days of the crime being reported to Public Safety.

In limited circumstances, information may be temporarily withheld if releasing it would jeopardize an ongoing criminal investigation, endanger the safety of an individual, compromise the confidentiality of a victim or source, or otherwise interfere with law enforcement proceedings. When information is withheld, the incident will remain listed in the Daily Crime Log, and the withheld information will be made available once the reason for withholding no longer exists.

The Daily Crime Log may be viewed at any Broward College Public Safety office during normal business hours. Requests for entries older than 60 days may be submitted to any Public Safety office.

ANONYMOUS/CONFIDENTIAL REPORTING

Broward College is committed to maintaining an environment built on responsibility, integrity, respect, and open communication. To provide an additional reporting option, the College uses EthicsPoint, a third-party service operated by NAVEX, to allow individuals to confidentially and, if desired, anonymously report concerns involving safety, criminal activity, unethical or inappropriate conduct, or potential violations of College policies, procedures, rules, or applicable state and federal laws.

Reports submitted through EthicsPoint are handled promptly and discreetly and are carefully reviewed by the College. The College is committed to protecting individuals who, in good faith, report concerns or seek guidance regarding potential violations. Employees who report discrimination or harassment are protected from retaliation in accordance with applicable Broward College policies.

The ConcernLine is intended to supplement, not replace, the College's existing reporting and communication channels. Whenever possible,

individuals are encouraged to address concerns through established channels, such as speaking with a supervisor or appropriate member of management. The ConcernLine provides an additional option when maintaining anonymity or confidentiality is important.

The ConcernLine is not a 911 or emergency service. Do not use the reporting system to report an event involving an immediate threat to life or property. Reports submitted through the system may not receive an immediate response. For emergencies or situations requiring immediate assistance, call 911.

To anonymously and confidentially report activities that may involve safety, criminal, unethical, or otherwise inappropriate activity or behavior in violation of procedures, policies, rules, or state and federal laws, one may file a report with Broward College by going to broward.edu, and clicking on the "BC Concern line" link at broward.ethicspoint.com or by calling **844-300-1076**.

For any questions regarding the anonymous reporting process please contact concernline@broward.edu

CREATING A SAFE COLLEGE

SECURITY OPERATIONS CENTER

To support the safety, security, and emergency preparedness of the Broward College community, the College maintains a 24-hour Security Operations Center (SOC). The SOC serves as the centralized communications and monitoring center for Public Safety operations across Broward College, supporting incident response, emergency communications, and the coordination of public safety resources.

The Security Operations Center operates 24 hours a day, 7 days a week, 365 days a year, providing continuous monitoring and communications support for Broward College campuses and centers served by Public Safety. Using integrated security technologies and communications systems, the SOC assists Public Safety personnel in maintaining situational awareness, coordinating responses to incidents, and supporting emergency operations.

The Security Operations Center is responsible for:

- Receiving and documenting calls for service from the College's centralized Public Safety phone numbers, emergency call boxes, elevator phones, and classroom emergency phones.
- Dispatching Public Safety personnel through two-way radio communications in response to calls for service.
- Monitoring the College's Video Management System (VMS) to support real-time situational awareness, incident response, and criminal or administrative investigations.
- Monitoring intrusion detection and other electronic security alarm systems to identify and respond to potential security concerns.
- Managing electronic access control systems to help protect College facilities and support authorized access to buildings and other secured areas.
- Coordinating communications with local law enforcement, fire rescue, emergency medical services, and other emergency response agencies when assistance is required.
- Supporting the dissemination of emergency notifications and other critical communications during incidents affecting the College community.

PHYSICAL SECURITY TECHNOLOGY AND ACCESS CONTROL

Maintaining a safe and secure campus environment is a shared responsibility among all members of the Broward College community. An important component of campus security is ensuring that College facilities and resources are accessed only by individuals with appropriate authorization.

Students, faculty, staff, contractors, and visitors are encouraged to support campus security by:

- Locking doors and securing windows when areas are unattended.
- Not allowing unauthorized individuals to enter secured facilities.
- Reporting suspicious activity, security concerns, or unauthorized access to Public Safety.

The Department of Safety, Security, and Emergency Preparedness utilizes a variety of security measures to enhance campus safety, including electronic access control systems, identification card access, video management systems, monitored alarm systems, and other security technologies.

To help maintain a secure learning environment, classroom doors should not be propped open while classes are in session. Public Safety Officers conduct routine patrols of campus buildings to monitor facilities, identify security concerns, and respond to safety-related matters.

Employees assigned to buildings equipped with electronic access control systems are encouraged to utilize approved access procedures, including double-swipe programming, when applicable, to allow classroom access during scheduled instructional periods while maintaining building security.

Faculty and staff may visit broward.edu/safety/faculty-and-staff-identification-cards.html for additional information regarding faculty and staff identification card.

ACCESS POLICY

Broward College facilities are accessible to students, faculty, staff, contractors, and guests during established business hours. Access to College facilities outside normal business hours is controlled to help maintain the safety and security of the campus community.

During business hours, College facilities are generally open to students, faculty, staff, contractors, and guests. During non-business hours, access is facilitated through a Broward College-issued Faculty or Staff ID access badge, an authorized key, or admittance through the Public Safety Department.

The level of access granted to an individual depends on the requirements of their role, employment or enrollment status, and the safety and security needs of the College community.

Individuals accessing campus facilities after hours are strongly encouraged to take appropriate personal safety precautions. These precautions include locking office doors while working, exercising caution when using restrooms and break areas, and taking additional care when working alone.

Individuals working late are also encouraged to notify the Public Safety Department of their presence on campus.

BROWARD COLLEGE DOES NOT OPERATE RESIDENTIAL FACILITIES. LIGHTS, LOCKS AND OTHER SAFETY FEATURES

Maintaining safe and secure facilities is an important part of Broward College's overall safety program. In addition to Public Safety presence and security systems, properly maintained buildings, secure doors and windows, functioning alarms, adequate lighting, and other facility safeguards contribute to a safe campus environment.

Broward College routinely evaluates and maintains campus facilities to identify and address conditions that may impact the safety and security of the College community. Faculty and staff who encounter problems or concerns with safety-related features, including doors, locks, windows, lighting, alarms, or other security equipment, should promptly submit a Facilities Service Request through Broward Connect. Safety concerns may also be reported to Public Safety.

WEAPONS POLICY

In accordance with Broward College Policy [6Hx2-3.40](#) and [6Hx2-5.38](#), Broward College prohibits the display, possession, storage or concealment of weapons and firearms on all College property, and all College-sponsored events whether on or off college property, as proscribed by Florida law. Broward College reserves the right to make reasonable inquiries of individuals observed with a weapon or firearm, and confirm that the display, possession, or storage of the weapon or firearm is in accordance with Florida law and College policy.

FIRE AND LIFE SAFETY

The Director of Health and Safety oversees health and safety programs throughout Broward College. The Office of Environmental Health and Safety develops, implements, and administers College policies and procedures related to environmental management, occupational safety, and health practices while supporting compliance with applicable federal, state, and local regulations, regulatory requirements, and industry standards.

The Office provides environmental health and safety services to the College community through technical support, training programs, consultation, and periodic assessments of campus health and safety practices.

BEHAVIORAL INTERVENTION TEAMS

Broward College maintains Behavioral Intervention Teams on each campus charged with identifying and monitoring behavioral concerns and risks posed by members of the college community. The overall program is coordinated by the Senior Director, Student Conduct and Integrity. Each campus team is led by the dean of students on the campus, and the committee comprises representatives from the office of the associate vice provost, Public Safety, student success, disability services, human resources talent and culture, mental health counseling, and contracted sworn law enforcement on an as needed basis

EMERGENCY CALL BOXES

Emergency call boxes provide a direct connection to the SOC for assistance during security-related concerns or emergencies. When activated, the call box automatically places a call to the SOC and transmits the device location, allowing Public Safety personnel to quickly assess the situation and coordinate an appropriate response.

Emergency call boxes are strategically located throughout Broward College's main campuses. Students and employees are encouraged to become familiar with the locations of these devices and use them when immediate assistance from Public Safety is needed.

CLASSROOM EMERGENCY PHONES

As part of the BC Alert system, classroom emergency phones receive emergency alert

messages issued by the College to provide timely information and instructions during critical incidents.

Classroom emergency phones are two-way communication devices connected to the SOC and are available for emergency use. In the event of a police, fire, or medical emergency, users may use the phones to contact 911 for immediate assistance or connect directly with the SOC to report an emergency, request assistance, or provide information. The SOC can use the information received to assess the situation and coordinate an appropriate Public Safety response.

Classroom emergency phones are labeled with instructions for use and serve as an additional resource to support emergency communication and response efforts across Broward College campuses.

AUTOMATED EXTERNAL DEFIBRILLATORS (AED)

AEDs are portable devices used to electronically stimulate the heart during sudden cardiac arrest. The combination of trained first responders in the use of AEDs and CPR greatly increases the chance of survival from cardiac arrest. AEDs are located throughout the campus. Broward College Public Safety Officers respond to emergency situations and are trained and certified in CPR and the use of AEDs.

EMERGENCY RESPONSE GUIDES

Emergency response guides are available in classrooms throughout Broward College and provide students, faculty, and staff with information and procedures to help them respond appropriately during critical incidents.

The guides include response protocols for situations such as severe weather, hazardous material incidents, medical emergencies, dangerous individuals or active threats, fires, bomb threats, and other emergency situations.

Students, faculty, and staff are encouraged to review the emergency response guides in advance and become familiar with recommended actions before an incident occurs. Understanding these procedures helps support an effective and coordinated response during an emergency.

EMERGENCY PROCEDURES	
EMERGENCY DIAL 911	NON-EMERGENCY DIAL CAMPUS SAFETY 954-201-HELP (4357)
YOUR LOCATION: 	
SAFETY, SECURITY and EMERGENCY PREPAREDNESS BROWARD COLLEGE 954-201-HELP (4357)	
	MEDICAL EMERGENCY • Call 911 immediately with specific location details (see above). • Call 954-201-HELP to notify Campus Safety. • Provide first aid, if possible.
	GENERAL EMERGENCY • Call 911 in case of emergency. • Report any incidents or accidents to Campus Safety at 954-201-HELP. • Follow all directives issued by BC Alert, Campus Safety, and emergency responders.
	FIRE • Pull the fire alarm, then call 911. • Evacuate the building, close all doors. • Do NOT use elevators. • Do NOT reenter the building until authorized to do so.
	HAZARDOUS MATERIAL INCIDENT • Call 911 to report the incident. • Call 954-201-HELP to notify Campus Safety when safe to do so. • Alert all persons nearby. • Evacuate the area immediately. • Advise others to stay clear of the area.
	SEVERE WEATHER • Shelter in place, away from exterior windows, doors and walls. • Get to the lowest level of the building for tornadoes and highest level for floods. • Do NOT use elevators.
	BOMB THREAT • Call 911 to report the incident. • Call 954-201-HELP to notify Campus Safety. • Stay calm and get as much information as possible. • Evacuate the area. • Do NOT enter the area until authorized to do so.
	ACTIVE KILLER • Call 911 to report the incident. • Call 954-201-HELP to notify Campus Safety. • Run: If there is an accessible escape path, evacuate the area. • Hide: If evacuation is not possible, find a place to hide where the killer(s) is less likely to find you. • Fight: As a last resort, only when your life is in danger, attempt to disrupt or incapacitate the active killer(s).

SECURITY AWARENESS AND CRIME PREVENTION PROGRAMS

Broward College enhances safety and security of the College community through the development of extensive annual educational campaigns consisting of a wide range of primary and ongoing programs, seminars, presentations, and events which are offered on a continual basis. A common theme of all awareness, education, and prevention programs and campaigns is to encourage students, faculty, and staff to be aware of their part in developing a safe and secure community by being responsible for their personal safety and security and the safety and security of others. During the 2025 calendar year, Broward College offered and participated in many different crime prevention, and safety awareness programs virtually, via social media, live on-line training, in-person events, and email. Topics such as personal safety, drug and alcohol abuse awareness, and sexual assault prevention are some examples of programs, virtual presentations, and learning opportunities that were offered during the 2025 calendar year. Additionally, included within these programs are those which center on sexual assault, dating violence prevention, and active killer.

DSSEP works closely with the Center for Teaching Excellence and Learning to offer a variety of courses to faculty and staff to include during Professional Development Day. Information on personnel and workplace safety is provided through brochures and briefings to new Broward College employees and revisited at pre-term faculty events, both virtually and in-person.

In addition to programs, information is disseminated to students, faculty, and staff through crime prevention awareness packets, emails, pamphlets, and other handouts available at all Public Safety offices and online at broward.edu/safety.

STUDENT PROGRAMS

NEW STUDENT ORIENTATION SAFETY PROGRAM

The Department has worked collaboratively with media experts in creating an innovative video which is shown during new student orientations and informs them of the services offered by DSSEP. This video presentation outlines ways to maintain personal safety, provides information on individual and public safety training/programs, and many other topics. This program is primarily instituted for students.

ACTIVE THREAT RESPONSE TRAINING (STUDENTS/ FACULTY/STAFF)

To promote a safer campus environment, the Department of Safety, Security and Emergency Preparedness provides instructional training and video resources that equip members of the College community with the knowledge and skills needed to recognize, report, prevent, and respond to active assailant situations. The program emphasizes awareness, preparedness, and effective decision-making during critical incidents.

The training video is available in a self-paced format through MyBC for students and through Broward Connect and MyLearning for faculty and staff.

EMPLOYEE TRAINING PROGRAMS

PREVENTING SEXUAL HARASSMENT AND MISCONDUCT (FACULTY/STAFF)

As an additional primary program, all new employees are required to complete an online training course focused on preventing sexual harassment and misconduct. In addition, the entire workforce is required to complete mandatory biennial compliance retraining covering Harassment, FERPA, Title IX, and Active Assailant Events—Run, Hide, Fight.

WORKPLACE VIOLENCE & DE-ESCALATION (FACULTY/STAFF)

DSSEP provides workplace violence prevention and de-escalation training to help employees recognize, prevent, and respond to potentially concerning, disruptive, or threatening behavior.

Training topics include:

- Recognizing warning signs of concerning behavior
- Conflict resolution techniques
- Verbal de-escalation strategies
- Reporting procedures
- Appropriate responses during threatening or violent incidents

The goal of this training is to promote a safe and respectful learning and working environment while enhancing awareness and emergency response preparedness.

FIRE SAFETY (FACULTY/STAFF)

DSSEP in collaboration with Campus Facilities provides fire safety training to help employees prevent, recognize, and respond to fire emergencies. The program emphasizes fire prevention, emergency evacuation procedures, and the proper use of portable fire extinguishers, including when it is appropriate to use an extinguisher and when immediate evacuation is the safest course of action.

Hands-on training and fire extinguisher simulations provide participants with practical experience while reinforcing emergency notification procedures, evacuation responsibilities, and safe decision-making during fire-related incidents.

AWARENESS CAMPAIGNS

NATIONAL CAMPUS SAFETY AWARENESS MONTH (NCSAM)

Each September, Broward College recognizes National Campus Safety Awareness Month (NCSAM) by hosting Campus Safety Days across campuses. These events promote safety awareness through educational displays, informational resources, interactive activities, and engagement with students, faculty, and staff.

Campus Safety Days provide members of the College community with information on a variety of safety topics, including personal safety, emergency preparedness, mental health awareness, prevention of sexual violence, proactive bystander intervention, stalking awareness, and other crime prevention initiatives. These events encourage participants to learn about available campus safety resources, ask questions, and become active partners in maintaining a safe and secure campus environment.

IF YOU SEE SOMETHING, SAY SOMETHING CAMPAIGN

Broward College participates in the U.S. Department of Homeland Security's If You See Something, Say Something® campaign, encouraging students, faculty, staff, and visitors to report suspicious behavior or activity that may pose a threat to the safety of the College community.

Suspicious activity or safety concerns may be reported to Public Safety by calling 954-201-HELP (4357). Community members may also submit a tip directly to the Security Operations Center through the Report a Tip feature in the Everbridge 360 mobile application. In an emergency, always call 911.

Prompt reporting of suspicious activity helps Public Safety assess potential threats, respond appropriately, and maintain a safe and secure campus environment.

SAFETY RESOURCES

SAFETY ESCORT PROGRAM

Broward College provides safety escort services to support the security and well-being of the campus community. Students, faculty, and staff may request a walking escort to and from their vehicle, office, classroom, or other campus locations.

Safety Escorts are available 24 hours a day, 7 days a week by contacting Public Safety at 954-201-HELP (4357). Members of the College community may also request a safety escort through the Safe Corridor option within the Everbridge 360 mobile application.

This free service is designed to provide an added level of safety and support while traveling on campus.

PUBLIC SAFETY WALKS/CPTED

In alignment with Crime Prevention Through Environmental Design (CPTED) principles, Broward College conducts Safety Walks on each main campus twice annually. These proactive assessments bring together Public Safety officers, student volunteers, Facilities and Operations staff to identify and address potential safety concerns.

The purpose of the Safety Walks is to evaluate campus environments and identify conditions that may impact safety, including overgrown vegetation, areas with limited visibility, unsecured access points, and other environmental factors. Identified concerns are documented and addressed through appropriate corrective action.

TIPS FOR YOUR SAFETY

IDENTITY THEFT AWARENESS PREVENTION

South Florida remains one of the highest areas for identity theft related incidents in the United States. The higher education industry will continue to be a high value target throughout the coming year. It is important that we all maintain our due vigilance when it comes to securing our information.

The College has made significant investments to assist with the prevention, detection, and mitigation of data security incidents. Those investments are a combination of physical, technical, and administrative controls designed to safeguard our data. The tools below are a few of the key controls that we use to help protect against identity theft and data security breaches.

STUDENT AND PERSONAL DEVICE SECURITY RECOMMENDATIONS

Anti-Virus Solutions: All students connected to the Broward College network should have anti-virus installed on their computer. The latest malware infections can find and transfer data to identity thieves around the globe. If you do not have anti-virus installed there are several free solutions available.

Windows Machines:

- **Windows Defender** comes preinstalled in all current releases of Microsoft Windows.
- **BitDefender** is a viable Anti-Virus solution for Windows-based devices. While there is a free edition, it is recommended to sign up for a paid version to receive updates and support. bitdefender.com

MAC Machines

- **BitDefender** is also viable Anti-Virus solution for Apple MAC devices. While there is a free edition, it is recommended to sign up for a paid version to receive updates and support. bitdefender.com
- **Avast Security** is another option for Apple Mac devices. Always recommended to sign up for paid subscription to receive updates and support. <https://www.avast.com>

Keeping your System Updated:

The easiest way for hackers to gain access to machines is through known vulnerabilities. Many of the known vulnerabilities have patches that are provided by the software vendor.

To keep your system secure it needs to be updated regularly. Check for updates at: <https://support.microsoft.com>

Mobile Device Security from Apple:

Apple users can use the free Find My iPhone application. This application allows you to locate your iPhone, iPad and MAC devices. You also have the option to remotely lock or wipe the device. Select the link for additional information (if viewing on a computer): Mobile Device Security or go to: apple.com/icloud/find-my/

Mobile Device Security for Android devices from Google:

Google offers a free Android device manager application. This application allows you to locate your phone, play a sound when your device is nearby, and lock and erase your device from any desktop.

To manage the device, sign in with a google account at: <https://myaccount.google.com/intro/find-your-phone>

Phishing Attacks:

Beware of emails and websites requesting personal information such as social security numbers, passwords, and bank account information. It is common for fraudsters to use this method to get you to divulge sensitive information. Please call the help desk at 954-201-7521 if you suspect a phishing attempt. The team can confirm

whether an email was sent from the College. For more information on how to detect a phishing email and other phishing and malicious tactics please visit: <https://Broward.edu/cybersecurity>

Change Your Passwords Often:

Students should change their passwords frequently to protect their college accounts.

This is often the key to accessing financial aid information and other sensitive data that could lead to fraud or identity theft. We recommend that students change their passwords every 90 days. This is not required but is the best practice approach in securing your data.

FACULTY AND STAFF DEVICE SECURITY GUIDELINES AND PROCEDURES

Data Encryption: All sensitive data being stored on portable media such as USB drives and CD-ROMs must be encrypted.

<https://broward.edu/cybersecurity/article-pages/encrypt-or-regret.html>

Most computers at the College have Microsoft's BitLocker installed for encrypting portable media. It is also important to make sure data stored on College laptops and mobile devices remain secure in the event that they are lost or stolen. All new College laptops come with preconfigured encryption on the hard drives. The encryption happens automatically without user intervention.

Shred Bins: All sensitive documents must be shredded before disposal. Identity thieves are known to search through the trash to find documents with sensitive information. If a shred bin is not located in your area, please contact the facilities manager on your campus.

Secure File Transfer: We always limit sensitive data being transferred outside of the College. However, there are situations where information needs to be shared with certain authorized parties. There are several encryption options that can be found at helpdesk.broward.edu.

Mobile Device Management: Faculty and Staff accessing their college email account on a mobile device can remotely wipe that device if it is lost or stolen. If sensitive data resides on your phone it could lead to identity theft. This security feature can be completed on the Outlook web access portal under Options owner of the device only. We also encourage having all mobile devices locked with a minimum of 6-digit passcode.

Next-Generation Network Protection: The IT department has upgraded the college's network infrastructure. The new equipment includes next-generation firewalls with network-based anti-virus and intrusion prevention that block malicious content from reaching our students, faculty, and staff. We are also using real-time reporting and log monitoring to remediate security events quickly. The new cyber security initiatives will allow for an open environment for learning while reducing the risks of ID theft and data loss.

What To Do Immediately If Your Identity is Stolen: If you believe your identity has been stolen, take the following steps as soon as possible to reduce the impact and begin the recovery process.

1. Report the Identity Theft to the Federal Trade Commission (FTC)

Visit <https://IdentityTheft.gov>

This website is the federal government's central resource for reporting identity theft and creating a personalized recovery plan.

For additional information about fraud alerts and credit freezes, visit: <https://consumer.ftc.gov/articles/credit-freezes-and-fraud-alerts>

2. Place a Fraud Alert and Freeze Your Credit

Contact the three major credit bureaus to place a free fraud alert on your credit report and consider freezing your credit to prevent unauthorized accounts from being opened in your name.

Equifax

- Phone: 1-888-378-4329
- Website: <https://equifax.com/personal/credit-report-services/credit-fraud-alerts>

Experian

- Phone: 1-888-243-6951
- Website: <https://experian.com/help/fraud-alert>

TransUnion

- Phone: 1-833-806-1627
- Website: <https://transunion.com/fraud-alerts>

3. File a Report with Your Local Police Department

Visit your local police department and bring the following:

- A copy of your FTC Identity Theft Report
- A government-issued photo ID
- Proof of your current address (mortgage statement, rental agreement, or utility bill)
- Any evidence of the identity theft, such as:
 - Collection notices
 - Fraudulent bills
 - IRS notices
 - Account statements showing unauthorized activity

When speaking with law enforcement:

- Explain that your identity has been stolen and that you need to file an identity theft report.
- Request a copy of the police report for your records.

Identity Theft Prevention Policy:

https://broward.edu/legal/policies-and-procedures/_docs/policy/6hx2-6.42.pdf

Common Red Flags of Identity Theft: <https://identitytheft.gov/Warning-Signs-of-Identity-Theft>

What Steps To Do If Your Identity Is Stolen: <https://identitytheft.gov/Steps>

More Information on Identity Theft and Cyber Security:

<https://cisa.gov/topics/cybersecurity-best-practices/identity-theft-and-personal-cyber-threats>

All data security incidents should be reported to the College. **Help Desk 24/7 at 954-201-7521.**

PERSONAL AND PROPERTY SAFETY TIPS

- Be aware of your surroundings and avoid distractions while walking on campus.
- Keep your cell phone accessible and save the Public Safety number: 954-201-HELP (4357).
- Carry only what you need and avoid overloading yourself with bags, books, or packages that may limit your mobility.
- Walk in well-lit, well-traveled areas and avoid isolated locations whenever possible.
- Avoid walking alone at night. When on campus, request a Safety Escort by calling 954-201-HELP (4357) or through the Safe Corridor feature in the Everbridge 360 mobile application.
- Do not accept rides from individuals you do not know.
- If approached by a stranger, maintain a safe distance and remain aware of your surroundings.
- If someone attempts to steal your property, do not resist. Your personal safety is more important than your belongings.

- Keep a secure record of important personal information in case your wallet or other valuables are lost or stolen.
- If you witness suspicious activity or become the victim of a crime, move to a safe location and immediately contact Public Safety or call 911 in an emergency.

PARKING AND TRAFFIC SAFETY TIPS

- Always wear your seatbelt and obey posted speed limits and traffic regulations.
- Lock your vehicle and close all windows whenever it is unattended.
- Remove valuables from your vehicle whenever possible. If items must remain inside, secure them out of sight in the trunk or glove compartment.
- Never leave children, pets, or a running vehicle unattended.
- Park in well-lit, well-traveled areas, especially when arriving or leaving after dark.
- Before entering your vehicle, check the backseat and surrounding area.
- Stay alert when approaching or leaving your vehicle and avoid distractions such as using your phone.

LAW ENFORCEMENT SEXUAL OFFENDER DATABASES

In accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) and the Campus Sex Crimes Prevention Act, Broward College provides information on how members of the College community may access registered sexual offender and sexual predator information maintained by law enforcement agencies.

Registered sex offender information is available through the following resources:

- Broward County Crime Mapping: crimemapping.com/map/fl/browardcounty
- Florida Department of Law Enforcement (FDLE) Sexual Offender and Predator Registry: offender.fdle.state.fl.us/offender/sops/universitySearch.jsf.
- National Sex Offender Public Website (NSOPW): nsopw.gov

The Florida Department of Law Enforcement (FDLE) also maintains a searchable database of registered sexual offenders and sexual predators who are enrolled, employed, or volunteering at Florida institutions of higher education. Members of the Broward College community may search for Broward College through the FDLE University Search to obtain information regarding registered sexual offenders and sexual predators associated with the institution.

BROWARD COLLEGE

EMERGENCY PREPAREDNESS, RESPONSE, AND RECOVERY

INSTITUTIONS OF HIGHER EDUCATION (IHE) EMERGENCY MANAGEMENT NETWORK

The Institutions of Higher Education (IHE) Emergency Management Partners network group comprises colleges and universities from Broward, Miami-Dade, and Palm Beach counties. This group also consists of county emergency managers and representatives from the Florida Division of Emergency Management (FDEM). This network embodies eleven (11) agencies and was established in May 2021. The goal of this network is for emergency management partners to communicate, coordinate, and collaborate during critical incidents. This network group meets monthly to also share information on threats and hazards that are likely to affect our service areas. During critical incidents, this group shares an incident management platform, which allows communication to be shared in real-time. This allows us to coordinate response efforts more efficiently and effectively from a whole community approach.

EMERGENCY DRILLS, TESTING & EVALUATION PROCEDURES

Training is a critical component of Broward College's emergency management efforts. DSSEP develops, implements, and maintains an exercise schedule that assesses and evaluates emergency plans and capabilities. Exercises may be held in conjunction with local, state, and federal

EMERGENCY MANAGEMENT PORTFOLIO

Broward College's Emergency Management Plan Portfolio is made up of a collection of plans which direct several phases of emergency management. All emergency plans are driven by operational concepts derived from national, state, and local practices.

Comprehensive Emergency Management Plan (CEMP):

The Comprehensive Emergency Management Plan (CEMP) is compliant with the National Incident Management System (NIMS) and incorporates the

emergency response agencies that serve and protect the college. All exercises are conducted in accordance with the Homeland Security Exercise and Evaluation Program. Lessons learned from completed exercises are documented in After Action Reports and Improvement Plans are created to identify areas for improvement.

Response: Broward College has established various procedures, protocols, roles, responsibilities, and frameworks which provide an effective and efficient response when faced with emergencies or disaster situations.

Public Safety Officers and Senior Campus and College Leadership Teams have received training in Incident Command and responding to critical incidents. When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually Public Safety and local law enforcement officers assigned to the campus, and they typically respond and work together to manage the incident. Depending on the nature of the incident, other local, state, and/or federal agencies could also be involved in responding to the incident.

Recovery: Embedded within the various emergency management plans, Broward College has invested in several components to aid in the recovery phase of an emergency or disaster situation. Included within these processes are the establishment of contractual property restoration services, debris removal, temporary relocations, reimbursements and claims, as well as various other components.

principles set forth in the Incident Command System (ICS). The CEMP describes the basic strategies, assumptions, roles and responsibilities, and operational objectives which will guide the Broward College community to be as prepared as possible for the hazards that may occur. The CEMP is updated on an annual basis or as needed. The CEMP and all plans listed below can be found on the [Emergency Preparedness | Broward College](#) web page.

Severe Weather Plan (SWP):

Broward College's Severe Weather Plan (SWP) provides basic guidelines for use by the College in

planning emergencies due to weather and including Ural causes. It is intended to be a management-supported, documented, and cost-effective plan providing college-wide capability for organized preparation and timely recovery from a major unforeseen disruption caused by a hurricane, tornado, or other severe weather events. The SWP is updated on an annual basis or as needed.

Continuity of Operations Plan (COOP):

The Continuity of Operations Plan (COOP) establishes policy and guidance to ensure the execution of the mission-essential functions for Broward College if an emergency threatens or incapacitates operations. The COOP also outlines

The Occupant Emergency Action Plan (OEAP) serves as a building emergency plan to operational components of Broward College. The OEAPs are designed to simplify the process of developing actionable plans, improvements, and targets increasing access to emergency action information and ensuring a common planning picture is reinforced throughout all the College's locations. OEAPs are supportive of and secondary to the CEMP.

EVACUATION

Evacuations are an intricate component of emergency management and may be activated during non-emergency and emergency conditions. Fire alarm systems consist of several devices working together to detect and alert people through visual and audio signals whenever smoke or fire is present. These alarm signals may be activated by smoke detectors, heat detectors, or pull stations.

All Broward College students, faculty, staff, and visitors may be informed of the required evacuation of a building or area by various means including BC Alert, Public Safety, or activation of a fire alarm. At all times, occupants should maintain awareness of all available exit doors and stairwells to ensure effectiveness during an evacuation.

All occupants are responsible for evacuating in an orderly fashion and assist others if possible and safe to do so. Evacuees will be directed away from the immediate affected area to emergency assembly points where they will wait for further instructions from emergency response personnel or BC Alert messages. Public Safety and/or first

the relocation of selected personnel and functions of any essential facilities of Broward College as required. This is to ensure the College can conduct its essential missions and functions under all threats and conditions. The COOP is updated on an annual basis or as needed.

Standard Operating Guidelines:

The Standard Operating Guidelines (SOGs) support elements of the CEMP. The SOGs have been developed for each main campus and their associated centers and provide a more customized and comprehensive all-hazard approach particularly to emergencies.

Occupancy Emergency Action Plans:

responders will monitor the area and prevent re-entry.

Emergency Assembly Points are located outside in areas with enough space for evacuated crowds to gather that are out of harm's way. The use of these locations is based on the hazards present. These designated locations allow for a more coordinated evacuation and organized assembly points.

SHELTER-IN-PLACE

A shelter-in-place protective action may be issued in response to a hazardous materials spill/release, active assailant situation, or weather emergency. This protective action is aimed at keeping students, faculty, staff, and visitors safe while remaining indoors. Shelter-in-place means selecting a secure, interior room, if possible, with no or few windows, and taking refuge there. Students, faculty, staff, and visitors are required to immediately shelter in-place in an orderly manner when directed by emergency response personnel or BC Alert messages.

STORMREADY

Broward College has been officially recognized by the National Weather Service as Storm Ready. This designation highlights the College's investments to prepare to save lives and protect property from the onslaught of severe weather through advanced planning, education, and awareness.

SAFETY & EMERGENCY COMMUNICATIONS

TIMELY WARNING

In accordance with Broward College Policy [6Hx2-2.20](#), Broward College issues Timely Warning notifications to notify the campus community about certain crimes in and around the Broward College community. For the purposes of policy, “timely” means as soon as the pertinent information is available as defined in the Clery Act.

If a criminal situation arises within the Broward College Clery Geography (on campus, public property and non-campus property), that, in the judgment of the Associate Vice President, Public Safety, constitutes an ongoing serious threat, a collegewide “Timely Warning Notice” will be issued.

Timely Warnings are typically issued for crimes that represent a serious or continuing threat to the Broward College community and generally include the following offenses as defined by the Uniform Crime Reporting (UCR) Program and the National Incident-Based Reporting System (NIBRS):

- **Murder/Non-Negligent Manslaughter**
- **Aggravated Assault** when circumstances indicate a serious or continuing threat to the campus community. Incidents involving known parties, such as disputes between roommates or acquaintances, will be evaluated on a case-by-case basis to determine whether an ongoing threat exists.
- **Robbery** involving force or violence. Incidents such as pickpocketing or purse snatching generally do not result in the issuance of a Timely Warning but may be evaluated on a case-by-case basis.
- **Sexual Assault**, which is assessed on a case-by-case basis based on factors including:

DECISION TO ISSUE A TIMELY WARNING

The decision to issue a Timely Warning is made on a case-by-case basis by the Associate Vice President, Public Safety, or designee, in consultation with appropriate College officials and local law enforcement, as appropriate.

- The nature and circumstances of the incident
- When and where the incident occurred
- When the incident was reported
- The amount of information available at the time of the report

Because sexual assaults are often reported after the incident has occurred, there may be limited ability to issue a timely warning. However, all reports of sexual assault, including those involving strangers and known acquaintances, will be evaluated for the potential issuance of a Timely Warning.

- **Major incidents of Arson**
- **Other Clery Act crimes**, as determined necessary by the Associate Vice President of Public Safety or designee, based on the nature of the incident and the potential threat to the campus community.

Timely Warning Notices may also be posted for other crime classifications and locations at the sole discretion of the Associate Vice President, Public Safety.

The Associate Vice President, Public Safety, Senior Director of Emergency Management, Public Safety Captains, and Coordinator and Clery Compliance Officer are authorized to transmit Timely Warnings to the College community. Timely Warning Notices are typically written by the Associate Vice President, Public Safety, by design.

Anyone with information warranting a timely warning should report the circumstances to Public Safety by calling 954-201-**HELP** (4357).

In determining whether a Timely Warning should be issued, the College evaluates the totality of the circumstances and considers factors including:

- The nature and severity of the reported crime.
- Whether the incident poses a serious or ongoing threat to the College community.

- The potential for additional or related incidents to occur.
- Whether issuing a Timely Warning could compromise:
 - Law enforcement investigations or activities;
 - Victim safety, privacy, or support services; or
 - Emergency response and recovery efforts.

Timely Warnings are issued as soon as pertinent information becomes available, without unreasonable delay, while balancing the safety of the campus community with the integrity of any criminal investigation. In limited circumstances, specific information may be withheld if its release would compromise efforts to assist a victim, jeopardize a criminal investigation, or hinder efforts to respond to or mitigate the incident. Victim names and other personally identifying information are never included in a Timely Warning.

CONTENTS AND DISTRIBUTION

Timely Warnings are clearly identified as a Crime Alert or Timely Warning and are distributed using communication methods reasonably designed to reach members of the College community. Depending on the circumstances, distribution methods may include:

- College email;
- The College's emergency notification system;
- The College website; and
- Other communication methods deemed appropriate based on the nature and circumstances of the incident.

When available, a Timely Warning may include:

- A brief description of the incident;

- The date, time, and general location of the occurrence;
- The nature of the reported crime;
- Available suspect and/or vehicle descriptions;
- Information regarding weapons involved, if applicable; and
- Safety precautions, crime prevention tips, and other relevant protective measures.

Members of the College community are encouraged to maintain current contact information with the College to help ensure the timely receipt of Crime Alerts, Timely Warnings, and other important safety notifications.

TIMELY WARNINGS AND EMERGENCY NOTIFICATIONS

Timely Warnings are issued for Clery-reportable crimes that pose a serious or continuing threat to the campus community.

Emergency Notifications, addressed elsewhere in this report, are issued upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of the campus community. Depending on the circumstances, the College may issue both an Emergency Notification and a Timely Warning related to the same incident when each notification serves a different purpose under the Clery Act.

Reports received by professional or pastoral counselors while acting within the scope of their confidential responsibilities are not subject to Timely Warning reporting requirements. However, counselors are encouraged, when appropriate, to inform individuals about available reporting options and the importance of reporting crimes for the safety of the College community.

Anyone with information that may warrant a Timely Warning should immediately report the incident to Public Safety by calling 954-201-HELP (4357). In an emergency, call 911.

TIMELY WARNING NOTIFICATION CREATORS AND SENDERS

SYSTEM TO USE	PRIMARY MESSAGE CREATOR	FIRST BACKUP MESSAGE CREATOR	SECONDARY BACKUP MESSAGE CREATOR	AUTHORITY FOR APPROVING & SENDING MESSAGES	PRIMARY MESSAGE SENDER	BACKUP MESSAGE SENDER
Primary Modalities						
Email	Senior Director of Emergency Management	Public Safety Captain	Clery Compliance Coordinator	AVP, Public Safety	Senior Director of Emergency Management	Clery Compliance Coordinator

When circumstances require immediate action and the Associate Vice President, Public Safety is unavailable, the Senior Director of Emergency Management or other authorized designee may approve and issue a Timely Warning consistent with Broward College policy 6Hx2-2.20 and established emergency notification procedures.

BC ALERT MASS NOTIFICATION SYSTEM

BC ALERT EMERGENCY NOTIFICATION AND REPORTING SYSTEM

Broward College is committed to providing timely and accurate emergency communications to students, faculty, staff, visitors, and the surrounding community. In the event of a significant emergency or dangerous situation involving an immediate threat to the health or safety of the campus community, Broward College will issue emergency notifications without unnecessary delay upon confirmation of the incident.

Emergency notifications are coordinated through the Department of Safety, Security, and Emergency Preparedness in collaboration with college leadership and, when appropriate, local law enforcement, fire rescue, emergency management agencies, and other emergency response partners. The content of an emergency notification is determined based on the nature of the incident and the information available at the time. Notifications may be withheld or delayed only when issuing the notification would compromise efforts to assist a victim, contain the emergency, respond to the incident, or otherwise mitigate the threat.

The Associate Vice President of Public Safety, Senior Director of Emergency Management, Assistant Director of Public Safety Support Services, Emergency Management Coordinator, and other authorized personnel are responsible for approving and transmitting emergency notifications in accordance with college procedures.

FOLLOW-UP NOTIFICATIONS

As additional information becomes available during an incident, Broward College may issue follow-up notifications providing updated instructions, status reports, protective actions, or other relevant information. When appropriate, an "All Clear" notification may be distributed to indicate that the emergency has been resolved and normal operations may resume.

SYSTEM TESTING

Broward College conducts periodic testing of the BC Alert emergency notification system and associated communication methods. These tests are intended to evaluate system functionality, verify operational readiness, and educate the campus community regarding emergency notification procedures. Test notifications may be announced in advance and are typically conducted at least twice annually.

Test 1 – College-Wide BC Alert System Test

Date: October 25, 2025, | Time: 9:00 a.m. | Type: Announced College-Wide Test | Scope: All campuses and centers | Description: Full test of BC Alert system components including email notification, text/voice messaging, classroom phones, website emergency banner, and Everbridge mobile application. Results were documented by the Emergency Management Division and reviewed by DSSEP leadership.

Test 2 – College-Wide BC Alert System Test

Date: December 7, 2025, | Time: 2:00 p.m. | Type: Announced College-Wide Test | Scope: All campuses and centers | Description: Full test of BC Alert system components including email notification, text/voice messaging, classroom phones, website emergency banner, and Everbridge mobile application. Results were documented by the Emergency Management Division and reviewed by DSSEP leadership.

In addition to the two college-wide announced tests above, approximately eight internal tests of individual BC Alert system components were conducted by the Emergency Management Division during 2025 to evaluate subsystem functionality, delivery confirmation, and operational readiness across campuses and centers.

UPDATING CONTACT INFORMATION

Students, faculty, and staff are responsible for maintaining accurate and current contact information with Broward College to support the timely delivery of emergency communications, including BC Alert notifications, Emergency Notifications, and Timely Warnings. In accordance with Broward College Policy 6Hx2-2.20, all students and employees are required to provide and maintain up-to-date contact information with the College. Failure to comply with this requirement may result in corrective or disciplinary action consistent with applicable College policies, including the Student Code of Conduct (Policy 6Hx2-5.02), Resignation and Termination of Non-Instructional Personnel (Policy 6Hx2-3.25), and applicable collective bargaining agreements.

Members of the College community are encouraged to review their contact information at the beginning of each term and update it promptly whenever changes occur. Additional information regarding updating contact information is available through the Department of Safety, Security, and Emergency Preparedness website at broward.edu/safety.

EXTERNAL NOTIFICATION SUBSCRIBERS

Students, faculty, and staff with active Broward College accounts are automatically enrolled in the primary BC Alert notification methods, including text messages, voice calls, and email notifications. Members of the public, including parents, family members, visitors, community stakeholders, and other interested individuals, may register to receive BC Alert emergency notifications through the College's public notification enrollment process at member.everbridge.net/index/482415021654056

Additional emergency information may be disseminated through the Broward College website, official social media channels, and local media outlets. Community members are encouraged to follow Broward College on social media to receive emergency updates and other important safety information:

Facebook: www.facebook.com/BrowardCollege

X (formerly Twitter): @BrowardCollege

Emergency information may also be shared through local news and media organizations when appropriate to help inform the broader community of significant incidents affecting College operations or campus safety.

EMERGENCY NOTIFICATION METHODS

Emergency notifications may be distributed using one or more communication methods, depending on the circumstances and the intended audience. Communication methods may include:

- SMS text messages
- Email notifications
- Voice telephone calls
- Everbridge 360 mobile application push notifications
- Broward College website emergency banners
- Desktop and network-based computer alerts
- Digital signage and public display monitors
- Blue Light Emergency Tower speaker announcements
- Official Broward College social media channels
- Media advisories and public information releases

EMERGENCY COMMUNICATION METHODS

The BC Alert emergency notification system consists of the following delivery methods which are grouped into three categories: primary, secondary and tertiary. Broward College recognizes the following system as the standard means of emergency communication.

PRIMARY

These are the primary notification methods that should be relied on the most. In any full-fledged warning, these methods will be utilized. In some cases where only a partial alert may be required, only a select few may be used.

HOME PAGE (broward.edu): The College has the ability to post emergency notification messages on its public website at broward.edu.

DESKTOP ALERTS – TO INCLUDE SELECT

PUBLIC DISPLAY MONITORS: The College has the ability to pop up emergency alert messages on the screens of currently running computers, such as classrooms, libraries, computer labs, meeting rooms, offices, as well as Broward College laptops connected to the network.

SMS TEXT MESSAGES: The College could send SMS text messages to registered phone of current students, faculty, staff and authorized community partners.

E-MAIL: The College could send e-mail messages to the official Broward College email addresses of current students, faculty, staff and authorized community partners.

VOICE PHONE CALLS: The College could make voice telephone calls to registered

phones of current students, faculty, staff and authorized community partners. Voice calls also include communications directly to Classroom Emergency Phones.

DIGITAL BILLBOARDS: The College has the ability to display BC Alert notification messages on all digital billboards throughout all college campuses and centers.

BLUE EMERGENCY TOWER SPEAKERS: The College could make audible announcements of the BC Alert notification messages over the speakers attached to the blue emergency towers.

BROWARD COLLEGE SAFETY APP: The College can push emergency notifications through the Broward College Everbridge 360 Safety Application. This works for those users who have downloaded the application and have notifications turned on.

SECONDARY

While many of the following delivery methods may also relay warnings, they are considered secondary because they may not be used in every case or may have some delay associated with them.

FACEBOOK: The College has an official Broward College Facebook page. Alerts may be published to this account: facebook.com/BrowardCollege.

X (TWITTER): The College has a distinct and official Broward College presence on X. Alerts may be published to this account: twitter.com/BrowardCollege

MEDIA ADVISORY: The College's Public Information Officer has the ability to issue media advisories.

HOTLINES: The College has access to various hotlines which may be used to share specified information.

TERTIARY

The following delivery methods may also relay emergency information, but they either have a substantial delay associated with them or are not within the direct administrative control of the College.

NOAA WEATHER RADIO: The College relies, in part, upon the use of NOAA weather radios for the dissemination of severe weather watches, warnings and advisories. NOAA weather radios are readily available for purchase by Broward College departments and the public from numerous local and online retailers.

TELEVISION, RADIO, NEWSPAPER AND ONLINE MEDIA: Broward College considers its media

partners to be a critical part in emergency notifications and information sharing. As it is the usual role of news media outlets, if there is a significant emergency at Broward College, Broward College can expect its media partners to cover the story and get the word out.

WORD OF MOUTH: While this may be the emergency communication method Broward College can control the least, it cannot be discounted. Word of mouth re-dissemination of BC Alert emergency information is one of the most effective and critical delivery methods available. Community members can do their part by relaying official BC Alert emergency information to peers, friends, family members, or pretty much everyone seen on campus. Repost. Retweet. Quote. Whatever it takes to spread the word. Part of the responsibility for participants spreading information is to make sure that it is current and accurate. Individuals should only share BC Alert information.

BC ALERT MASS NOTIFICATION SYSTEM SENDERS

SAFETY REPORTING AND TIP LINE

The Everbridge 360 application includes a safety reporting feature that allows users to submit tips and report suspicious, concerning, or potentially dangerous activity. Reports may include information regarding threats, criminal activity, safety concerns, behavioral concerns, harassment, acts of violence, or other situations that may impact the safety and security of the Broward College community.

Reports may be submitted with or without identifying information, allowing individuals to share safety concerns in a manner that is most comfortable for them. Individuals are encouraged to provide as much information as possible to assist the College in evaluating and responding to reported concerns.

The reporting feature supports Broward College's commitment to maintaining a safe learning and working environment and assists the College in meeting applicable state requirements related to campus safety reporting. Reports submitted through the application are reviewed by appropriate College officials and, when necessary, referred to law enforcement or other response agencies for investigation and follow-up.

EVERBRIDGE 360 MOBILE APPLICATION

Broward College utilizes the Everbridge 360 mobile application as an integrated component of its BC Alert emergency notification system. The application provides users with direct access to emergency communications, safety resources, reporting tools, and other safety-related services from their mobile devices.

Students, faculty, and staff are strongly encouraged to download the Everbridge 360 application and enable push notifications. When activated, the application serves as an additional delivery method for BC Alert emergency notifications and allows users to receive emergency messages and updates directly on their mobile devices. The application also supports Broward College's ongoing efforts to enhance emergency preparedness, safety awareness, and campus communications.

UPGRADE YOUR SAFETY

DOWNLOAD THE NEW EVERBRIDGE 360 APP*

Your safety on campus is our top priority. To ensure you have the best tools to stay safe and informed, Broward College is upgrading our mobile safety platform to Everbridge 360.

*IMPORTANT NOTE: This new Everbridge 360 app replaces our current Everbridge mobile app. If you've downloaded the old app, please delete it and download this updated version.

DRUGS & ALCOHOL

Broward College is committed to maintaining a safe, healthy, and productive learning and working environment that is free from the unlawful use of alcohol and controlled substances. In accordance with the Drug-Free Schools and Communities Act (DFSCA), the Drug-Free Workplace Act, and applicable federal and Florida law, Broward College annually provides students and employees with information regarding standards of conduct, legal sanctions, health risks, available counseling and treatment resources, institutional sanctions, and alcohol and other drug prevention programs.

STANDARDS OF CONDUCT

Broward College prohibits the unlawful manufacture, distribution, dispensing, possession, or use of controlled substances on college property or as part of any college-sponsored activity.

The possession, use, sale, or distribution of alcoholic beverages on college property or at college-sponsored events is prohibited unless specifically authorized by the College for an approved event. Students are prohibited from being under the influence of alcohol while on college property or while participating in college-sponsored or College-sanctioned activities.

These standards are established in Broward College Policies 6Hx2-6.32, 6Hx2-5.18, the Student Code of Conduct (Policy 6Hx2-5.02), and the Drug-Free Workplace Policy and Procedure (6Hx2-3.05). Students and employees are expected to comply with all applicable federal, state, and local laws regarding alcohol and controlled substances.

LEGAL SANCTIONS

Violations of federal and Florida laws governing alcohol and controlled substances may result in criminal prosecution, fines, imprisonment, probation, mandatory substance abuse treatment, suspension or revocation of driving privileges, or other penalties imposed by the courts.

Under Florida law, it is unlawful to:

- Possess or consume alcoholic beverages while under the age of 21.
- Sell, furnish, or provide alcoholic beverages to any person under the age of 21.

- Manufacture, possess, distribute, or use controlled substances except as authorized by law.

Federal law provides significant criminal and civil penalties for the unlawful manufacture, distribution, dispensing, possession, or use of controlled substances. Penalties vary based on the type and quantity of the substance involved, prior criminal history, and other factors. Additional information regarding federal controlled substance penalties is available through the U.S. Drug Enforcement Administration.

HEALTH RISKS

The unlawful use of alcohol and controlled substances poses significant health and safety risks and may impair judgment, coordination, reaction time, and academic or work performance.

Health risks associated with alcohol misuse include, but are not limited to:

- Impaired judgment and coordination.
- Increased risk of motor vehicle crashes and other accidents.
- Alcohol poisoning.
- Liver disease, heart disease, and certain cancers.
- Dependence and addiction.
- Depression, anxiety, and other mental health disorders.

Health risks associated with the unlawful use of controlled substances vary depending on the substance but may include:

- Impaired memory, concentration, and decision-making.
- Respiratory and cardiovascular complications.
- Overdose and death.
- Physical dependence and addiction.
- Anxiety, depression, paranoia, psychosis, and other mental health disorders.
- Communicable diseases associated with intravenous drug use.

INSTITUTIONAL SANCTIONS

Students who violate College alcohol or drug policies are subject to disciplinary action in accordance with Broward College Policy 6Hx2-5.18 and the Student Code of Conduct (Policy 6Hx2-5.02). Sanctions may include educational interventions, disciplinary probation, suspension, expulsion, referral for assessment or treatment, or other disciplinary measures as appropriate.

Students may also be required to submit to drug screening when observed behavior reasonably indicates impairment from drugs or alcohol that affects their ability to safely or effectively participate in an academic program. Refusal to comply with a required drug screening shall be treated as a positive test result. Depending on the circumstances and applicable program requirements, the College may dismiss a student from the College or from a specific academic program.

Faculty and staff are required to comply with the Broward College Drug-Free Workplace Policy and Procedure (6Hx2-3.05). Employees who violate this policy are subject to disciplinary action, up to and including termination of employment. The College may also require an employee to satisfactorily complete a substance abuse assistance or rehabilitation program approved by an appropriate federal, state, or local agency.

Institutional disciplinary action may be imposed independently of any criminal proceedings arising from the same conduct.

DRUG AND ALCOHOL ABUSE PREVENTION PROGRAMS

Broward College provides alcohol and other drug prevention, education, and awareness programs throughout the academic year for students and employees. Programs are coordinated through the Office of Student Life and other College departments in partnership with federal, state, and local law enforcement agencies, healthcare providers, and community organizations.

Educational initiatives may include orientation programs, workshops, awareness campaigns, guest speakers, online educational resources, and prevention activities addressing alcohol misuse, illicit drug use, overdose prevention, and healthy decision-making.

In accordance with the Drug-Free Schools and Communities Act, Broward College conducts a biennial review of its Alcohol and Other Drug Prevention Program to determine its effectiveness, ensure consistent enforcement of disciplinary sanctions, and identify improvements where needed.

DRUG AND ALCOHOL ABUSE AWARENESS PROGRAMS FOR STUDENTS

The Office of Student Life at each Broward College campus sponsors drug and alcohol prevention and education programs in partnership with state and local law enforcement agencies and community nonprofit organizations. These initiatives include educational workshops, awareness campaigns, prevention programming, and outreach activities designed to promote healthy decision-making and reduce substance misuse.

In addition, Broward College provides students with access to counseling and behavioral health services through its partnership with MYCOLLEGEDOCTOR.COM (or browardcollege.mycollegedoctormember.com).

FOR EMPLOYEES

The Office of Human Resources, Talent and Culture, offers an Employee Assistance Program (EAP) to employees through The Standard®. The EAP provides confidential counseling for mental and behavioral health challenges such as depression, anxiety, grief, family and other relationship issues, substance use, and financial and legal concerns. Services also include online preparation of wills and other legal documents, and identity theft resolution. Access includes household members such as spouses, domestic partners, and dependent children to age 26. Health Advocate, which is solely responsible for providing and administering the EAP services, offers additional resources and referrals. Employees and eligible household members may reach the EAP 24 hours a day, seven days a week at 877-851-1631 (TTY 711) or at healthadvocate.com/standard6.

STUDENT COUNSELING

Broward College provides confidential counseling services to support students experiencing personal, academic, or emotional challenges that may affect their academic success and overall well-being. Services are

available to all full-time and part-time students and include assistance with anxiety, depression, stress management, relationship concerns, substance misuse, trauma, body image concerns, anger management, sexual assault recovery, and other behavioral health issues.

Students may schedule an appointment or access 24-hour crisis support by calling 1-833-398-0805, available 24 hour a day, 7 days a week, 365 days a year .

Appointment may also be scheduled through mycollegedoctor.com

A SMOKE & TOBACCO FREE COLLEGE

Broward College is committed to providing a safe, healthy, and welcoming environment for students, faculty, staff, and visitors. In accordance with Broward College Policy 6Hx2-7.21, the College maintains a smoke- and tobacco-free campus.

The use, distribution, or sale of tobacco products or devices intended to simulate tobacco use including, but not limited to, cigarettes, cigars, pipes, chewing tobacco, snuff, electronic cigarettes, and other vaping devices—is prohibited in all indoor and outdoor areas of college property and facilities owned, leased, or operated by Broward College.

This prohibition applies to, but is not limited to, building entrances, atriums, hallways, courtyards, parking lots, sidewalks, grounds, rooftops, exit ways, and all other exterior areas. Smoking and the use of tobacco or vaping products are also prohibited in college-owned or leased vehicles, regardless of location.

The College expects all students, employees, contractors, and visitors to comply with this policy. Individuals who fail to comply may be subject to appropriate corrective or disciplinary action in accordance with applicable College policies and procedures.

In addition to supporting the health and well-being of the College community, the smoke- and tobacco-free policy helps reduce litter and environmental pollution associated with tobacco and vaping products.

STUDENT DISCIPLINARY

PROCEDURES

College disciplinary proceedings are detailed in Broward College's Code of Conduct, 6Hx2-5.02 and A6Hx2-5.02. Noted below are some pertinent items regarding disciplinary processes and hearings:

TYPES OF DISCIPLINARY PROCEDURES

Student conduct violations are adjudicated according to Broward College Policy and Procedure 5.02 – Student Code of Conduct. Conduct violations that include academic misconduct (such as academic dishonesty) are also addressed according to Policy and Procedure 4.19 – Grades and Grade Appeals. Conduct violations related to sexual harassment/misconduct are addressed according to Policy and Procedure 5.39 – Sexual Harassment/Misconduct.

HOW TO FILE A DISCIPLINARY COMPLAINT

Any person may report an allegation of disruptive behavior to the Dean of Students by completing the Non-Academic Conduct Violations Reporting Form. Academic dishonesty may be reported to the Dean of Students by completing the Academic Dishonesty Reporting Form. Incidents related to sexual harassment/misconduct may be reported to the Title IX Coordinator by completing the Sexual Harassment/Misconduct Reporting Form.

RANGE OF PROTECTION MEASURES FOR VICTIMS FOLLOWING ALLEGATIONS

The College will take immediate and appropriate steps to support the complainant to mitigate the possibility of future violations of the code of conduct and to support the complainant's educational pursuits. Such support includes, but is not limited to, assisting the student with notifying law enforcement, recommending appropriate community support, recommending options for counseling, assisting with modifications to class schedules and locations and other academic support as may be needed, and assisting with initiating a college complaint and investigation against the referred student in accordance with appropriate college policy and procedure.

STEPS, ANTICIPATED TIMELINES, AND DECISION-MAKING PROCESS

The College will take immediate and appropriate steps to support the complainant to mitigate the possibility of future violations of the code of conduct and to support the complainant's educational pursuits. Such support includes, but is not limited to, assisting the student with notifying law enforcement, recommending appropriate community support, recommending options for counseling, assisting with modifications to class schedules and locations and other academic support as may be needed, and assisting with initiating a college complaint and investigation against the referred student in accordance with appropriate college policy and procedure.

STANDARD OF EVIDENCE

Broward College uses the standard of preponderance of the evidence as the standard of evidence.

POSSIBLE SANCTIONS WHICH MAY BE IMPOSED FOLLOWING RESULTS

- Warning – A notice in writing to the student that they have violated institutional regulations indicating the potential consequences of future violations.
- Probation – A written reprimand for violation of specified regulations. Probation is for a designated period and includes the probability of more severe disciplinary sanctions if the student is found to have violated any institutional regulation(s) during or after the probationary period.
- Loss of Privileges – Denial of specified privileges for a designated period.
- Fines – A student may be required to pay fines incurred (i.e. parking, library, etc.) as a condition for complying with the sanction imposed.

- Restitution – Compensation for loss, damage or injury; this may take the form of appropriate service and/or monetary or material replacement.
- Discretionary Sanctions – Work assignments, community service to the College, counseling referrals or other related discretionary sanctions.
- Administrative Withdrawals – Withdrawal for all courses without refund. Students receiving financial aid are subject to Broward College Policy 6Hx2-5.11 – Financial Aid.
- Trespass – in accordance with Broward College Policy 6Hx2-2.02, students may be prohibited from entering Broward College locations.
- College Suspension – Separation of the student from the College for a definite period, after which the student or student organization is eligible to return; conditions for readmission may be specified.
- College Expulsion – Permanent separation of the student from the College.

RIGHTS ASSOCIATED WITH BROWARD COLLEGE DISCIPLINARY PROCEEDINGS

In accordance with Broward College Policy 6Hx2-5.02, both the complainant and the respondent are entitled to the same opportunities throughout the institutional disciplinary process.

Each party may be accompanied to any related meeting or proceeding by an advisor of their choice. Broward College does not limit the choice or presence of an advisor for either party. However, the advisor's role is limited to providing support and assistance to the student and may not speak on the student's behalf or otherwise participate, directly or indirectly, in proceedings before a Student Conduct Committee.

The College conducts all disciplinary proceedings in a manner that is prompt, fair, impartial, and consistent with institutional policies. The process is designed to be transparent to both the complainant and the respondent. Both parties will receive:

- Timely notice of meetings or proceedings at which either or both parties may be present.
- Timely and equal access to information that will be used during formal or informal disciplinary meetings and hearings.
- An investigation and resolution conducted by officials who are free from conflicts of interest or bias for or against either party.

Broward College provides written, simultaneous notification to both the complainant and the respondent of the outcome of any institutional disciplinary proceeding arising from allegations of a crime of violence, dating violence, domestic violence, sexual assault, or stalking. These notifications include:

- The outcome and results of the disciplinary proceeding.
- Procedures available to both parties to appeal the results.
- Any changes to the outcome before it becomes final.
- The date on which the results become final.

If the complainant dies as a result of the alleged crime or offense, the College will provide the results of the disciplinary proceeding to the victim's next of kin, as permitted by law.

All proceedings are conducted through a prompt, fair, and impartial investigation and resolution process. The College generally strives to resolve complaints involving domestic violence, dating violence, sexual assault, and stalking within sixty (60) days of receiving a report. When good cause exists, the timeframe may be extended. In such cases, both parties will receive written notice of the delay and the reason for the extension.

Investigations and disciplinary proceedings involving domestic violence, dating violence, sexual assault, and stalking are conducted by officials who receive annual training on issues related to these offenses and on conducting investigations and adjudications that protect the safety of complainants and promote accountability. These officials also receive specialized training on investigative and hearing processes consistent with Title IX and the Clery Act.

Consistent with the Family Educational Rights and Privacy Act (FERPA), Broward College may disclose the final results of a disciplinary proceeding to an alleged victim of a crime of violence or a non-forcible sex offense, regardless of whether the institution determined that a policy violation occurred. If the victim is deceased because of the crime or offense, the College may disclose the results of the disciplinary proceeding to the victim's next of kin, as permitted by law.

APPEALING THE RESULTS OF THE INSTITUTIONAL DISCIPLINARY PROCEEDINGS

A referred student, student organization, or complainant may appeal sanctions imposed by the Dean of Students by submitting a written appeal to the College Ombudsperson within five (5) business days of receiving the sanction decision.

Sanctions imposed by the Dean of Students become effective immediately unless an appeal is submitted. In such cases, the Dean of Students, in consultation with the College Ombudsperson, will determine whether the sanctions will remain in effect pending the outcome of the appeal.

In considering an appeal, the College Ombudsperson will limit the review to determining whether the student or student organization received a fair hearing in accordance with established policies and procedures. Appeals may be considered only on one or more of the following grounds:

- A substantial procedural error occurred that rendered the process or outcome fundamentally unfair.
- New substantive evidence has been discovered that was not reasonably available at the time of the hearing and that could significantly affect the outcome of the case.
- The finding and/or sanction was fundamentally unfair or inappropriate.

The College Ombudsperson will generally limit the review to the written appeal and the record of the hearing. In exceptional circumstances, the Ombudsperson may, at their discretion, meet with involved students, student organizations, witnesses, or other relevant parties.

After reviewing the appeal, the College Ombudsperson may:

- Determine that there are no grounds for the appeal.
- Refer the matter back to the Dean of Students for further review, identifying specific issues to be reconsidered and establishing a timeframe for review.
- Modify the findings and/or sanctions imposed by the Dean of Students.

Sanctions imposed as a result of an appeal may be reduced, affirmed, or modified as deemed appropriate based on the findings of the review.

EMPLOYEE DISCIPLINARY PROCEDURES

EMPLOYEE DISCIPLINARY GOVERNING POLICIES

- Broward College Policy Manual [6Hx2-3.25](#) Resignation and Termination of Non-Instructional Personnel
- Broward College Policy Manual [6Hx2-3.28](#) Filing of Complaints for Administrative and Non- Represented Professional Technical Staff
- Federation of Public Employees (FPE) Collective Bargaining Agreement (General laborers)
- United Federation of Faculty (UFF) Collective Bargaining Agreement (Faculty)

TYPES OF DISCIPLINARY PROCESSES

The College follows established disciplinary procedures according to the Employee Disciplinary Governing Policies identified above to assist in changing behavior and increasing performance. This means that employee misconduct or performance challenges are addressed using corrective measures dependent on current and past performance. Disciplinary processes are administered consistently and in a non-discriminatory manner. Corrective Disciplinary measures may include, but are not limited to, a verbal reprimand documented in writing, written reprimand, suspension without pay, demotion, or termination of employment.

HOW TO FILE A DISCIPLINARY COMPLAINT

Broward College encourages supervisors and employees to resolve their differences as soon as possible; however, in order that employees may be assured fair consideration of their problems, a means of review and appeal to a higher level of authority, without prejudice, is established in Broward College 6Hx2-3.28.

Represented employees governed by a union collective bargaining agreement may file grievance through the grievance resolution processes outlined in the respective union contract and must be in writing.

STEPS, ANTICIPATED TIMELINES, AND DECISION-MAKING PROCESS

Steps to recommend discipline follows Broward College Policies or a respective collective bargaining agreement. Cases where an investigation may have to be conducted to determine facts as they relate to a policy violation should be discussed with and coordinated with the Employee Relations Division of the Talent and Culture Human Resources department.

STANDARD OF EVIDENCE

The standard of evidence will be fact driven, using reasonable person standards, and the interpretation of witness statements and facts to support such disciplinary recommendations. Using the preponderance of the evidence presented.

POSSIBLE SANCTIONS WHICH MAY BE IMPOSED FOLLOWING RESULTS

Disciplinary measures may include but are not limited to a verbal reprimand reduced to writing, written reprimand, suspension without pay, demotion, and termination of employment.

SEXUAL MISCONDUCT AND VIOLENCE

Broward College is committed to creating a safe educational environment for all students, faculty, and staff. No student, faculty, or staff may commit or attempt to commit sexual violence against any student or employee of the College or against any person at a college-sponsored or supervised activity. Sexual misconduct and violence of any kind, including, but not limited to, sexual violence, domestic violence, dating violence, stalking, sexual harassment, or retaliation for reporting such offenses, will not be tolerated and are prohibited conduct. Toward that end, Broward College issues this statement of policy to inform the campus community of College programs to address domestic violence, dating violence, sexual assault and stalking as well as the procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking, which will be followed regardless of whether the incident occurs on or off campus when it is reported to a College official.

Sexual misconduct also applies in instances where consent cannot be given (e.g. student's age, use of drugs or alcohol, or disability). All members of the Broward College community are afforded protections from sexual misconduct and any hostile education environment resulting from such misconduct, regardless of the sex, sexual orientation, or gender identity of either the alleged perpetrator or complainant, including when both are members of the same sex. In addition to any criminal or civil actions which may be pending or in process, the College may pursue a separate disciplinary action against any student believed to have committed or attempted a sexual battery as defined in Florida State Statute 794.011.

SEXUAL HARASSMENT POLICY

Broward College policies [6HX2-5.39](#), [6HX2-5.02](#), and [6HX2-3.31](#) prohibit sexual harassment. Sexual harassment includes but is not limited to:

- Unwelcome physical contact of a sexual nature such as patting, pinching or unnecessary touching.
- Overt or implied threats against an individual to induce him/her to perform sexual favors or to engage in an unwelcome sexual relationship.
- Verbal innuendos or jokes of a sexual nature, including graphic or degrading verbal comments about an individual and/or his or her appearance.
- Use of sexually suggestive terms or gestures to describe a person's body, clothing or sexual activities.
- Displaying or posting offensive sexually suggestive pictures or materials on campus.

RISK REDUCTION FOR SEXUAL VIOLENCE

Understanding how to reduce one's risk of being a potential target of sexual violence is very important. Key components of reducing risk involve situational awareness and trusting one's instincts. The list of tips below may help decrease one's potential chances of sexual violence:

- Always be aware of your surroundings and attempt to travel with a friend or group if possible. If on campus, utilize the Safety Escort Program.
- Be sure to inform someone you know very well what your plans are if you plan to attend an event, gathering, or go on a date with an individual you do not know very well.
- Never leave a beverage unattended or accept a drink from an open container.
- If you consume alcohol do so in moderation and know your limits.
- Travel and attend activities with a group of friends. Arrive together, keep an eye on each other, and leave together.

- Clearly ensure when you are with someone, they understand your limits and/or expectations from the start.
- If you feel uncomfortable or pressured, leave and call for help.
- Remember, you have the right to say “No” even if you first say “Yes” and then change your mind. You also have the right to say “No” even if you have had previous intimate relations with the individual.
- Always know where your phone is or the nearest available phone.

PROCEDURES FOR VICTIMS OF SEX OFFENSE, DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, AND STALKING

Broward College Public Safety strongly advocates that the victim of a sexual assault reports the incident in a timely manner. Keep in mind it is your option to notify or decline to notify law enforcement and if you decide to, you may be assisted by Public Safety. Please keep in mind that time is a critical factor for evidence collection and preservation. Filing a police report will:

- Ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no cost to the victim.
- Provide the opportunity for collection of evidence which cannot be obtained later, that will be helpful in prosecution. This evidence may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order.
- Ensure the victim has access to free confidential counseling from counselors specifically trained around sexual assault crisis intervention.

Involvement in Law Enforcement

Although the College strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim’s choice whether to make such a report.

Go to a Safe Location

Safety is the number one priority. If someone is in danger, they should call 911 while on the phone until help arrives. Law enforcement, as well as Public Safety, will assist anyone if they choose to prosecute the assailant. Keep in mind it is one’s option to notify or decline to notify law enforcement. Regardless of a victim’s choice, Public Safety can assist.

Seeking Medical Attention and Save Evidence

Victims should not shower, wash, douche or change clothes because valuable evidence could be destroyed. If possible, victims shouldn’t urinate before seeking help. If a victim may have been drugged, the first urine that leaves the victim’s body is the most likely to contain evidence of drugs. Victims should request that the hospital take a urine sample for drug toxicology testing to be done. Victims should write down as much as they can remember about the circumstances of the assault, including a description of the assailant. After an incident of sexual assault, dating violence or domestic violence, the victim should consider seeking medical attention as soon as possible.

In Florida, evidence may be collected even if a victim chooses not to make a report to law enforcement. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/ linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or maybe helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted infections. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to college adjudicators/ investigators or police.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more

difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Public Safety or law enforcement to preserve evidence if the victim decides to report the incident to law enforcement or the College later to assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order.

Under the Violence Against Women and Department of Justice Reauthorization Act of 2005, starting in 2009, states must certify that they do not “require a victim of sexual assault to participate in the criminal justice system or cooperate with law enforcement to be provided with a forensic medical exam, reimbursement for charges incurred because such an exam, or both.”

RESOURCES FOR SURVIVORS OF SEXUAL MISCONDUCT AND VIOLENCE

Broward College strongly advocates that survivors of sexual violence consider the following resources.

On and Off Campus Services for Victims

Upon receipt of a report of domestic violence, dating violence, sexual assault or stalking, Broward College will provide written notification to students and employees about existing assistance with and/or information about obtaining resources and services including counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid and assistance in notifying appropriate local law enforcement. These resources include the following:

Various counseling options are available through Broward College — including MyCollegeDoctor.com for students and the Employee Assistance Program (EAP), administered by Health Advocate, for employees.

Department of Justice: www.justice.gov/ovw/sexual-assault

Department of Education, Office of Civil Rights: 202-514-3847

REPORTING SEXUAL MISCONDUCT AND VIOLENCE

Reports of alleged sexual harassment or sexual misconduct may be made by completing the Sexual Harassment/Sexual Misconduct Reporting Form.

The College is also considered to be “on notice” regarding allegations of sexual harassment or sexual misconduct if a report is made to an “Official with Authority to Institute Corrective Measures.” Depending on the status of the individual accused of sexual harassment/sexual misconduct (referred to as the Respondent), reports may be made to the following individuals:

If Respondent is a student:

- Title IX Coordinator TitleIXCoordinator@broward.edu | 954-201-4886
- Dean of Students (on any campus)
- Senior Director, Student Conduct and Integrity | conduct@broward.edu
- Student Conduct Specialist | conduct@broward.edu

If Respondent is an Employee:

- Title IX Coordinator | TitleIXCoordinator@broward.edu | 954-201-4886
- Vice President, Talent and Culture, Human Resources | edhumanresources@broward.edu
- Senior Director, Employee Relations | ERAA@broward.edu

Depending on the circumstances, students may also contact Public Safety at 954-201-4357 (HELP) and/or local law enforcement.

TITLE IX

Title IX of the Education Amendments of 1972 protects people from discrimination based on sex in education programs or activities which receive federal financial assistance. Acts such as sexual assault, sexual harassment, and misconduct constitute such discrimination prohibited by Title IX.

Any member of the College community may report instances of discrimination based on sex to the Broward College Title IX Coordinator. The Title IX Coordinator for Broward College is the Senior Director of Student Conduct and Integrity.

CONFIDENTIALITY

Personal identifiable information about the victim and other necessary parties will be treated as confidential and only shared with people who have a specific need-know, i.e., those who are investigating/adjudicating the report or those involved in providing support services to the victim, including accommodation and protective measures. By only sharing personally identifiable information with individuals on a need-to-know basis, the institution will maintain as confidential, any accommodation or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The College does not publish the name of crime victims or other identifiable information regarding victims in the Daily Crime Log or in the annual crime statistics that are disclosed in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Furthermore, if a Timely Warning Notice is issued based on a report of domestic violence, dating violence, sexual assault or stalking, the name of the victim and other personally identifiable information about the victim will be withheld.

CONFIDENTIALITY AND TITLE IX

If the complainant wants to reveal an allegation of sexual misconduct but also wants to maintain confidentiality, the student should be aware that the College will consider the request but cannot guarantee that the College will be able to honor it, and the complaint will be reported to the Title IX coordinator, and an investigation will be initiated.

If the College does honor a student's request for confidentiality, the student must understand the College's ability to investigate and issue sanctions will be severely limited. Additionally, if the College believes that the reported incident poses a continuing threat to other people, or if mandatory reporting is required by law, the College may be able to honor the request for confidentiality. Additionally, any supportive measures provided to either party will be maintained as confidential to the extent that maintaining such confidentiality does not impair the College's ability to provide those supportive measures.

PRIVILEGED COMMUNICATION

The College does not directly employ staff who can provide students complete confidentiality regarding complaints of sexual misconduct (sometimes known as "privileged communications," provided by pastoral counselors and mental health professionals). However, the College currently has a partnership with Henderson Behavioral Health Services who can provide confidentiality in accordance with law. Complainants should note that even privileged communication is limited by laws governing mandatory reporting of certain crimes.

RIGHTS OF SURVIVORS OF SEXUAL ASSAULT, DOMESTIC VIOLENCE, DATING VIOLENCE, AND/OR STALKING

Under federal law, survivors of sexual assault, domestic violence, dating violence, and stalking have rights. These rights, accommodations, and protective measures which are afforded are regardless of whether the individual wishes to remain anonymous or report the crime to public safety or law enforcement and regardless of whether the offense occurred on or off campus. These rights are afforded to students, faculty, and staff alike.

In addition to the above-mentioned, Broward College honors all injunctions for protection, no contact orders, and restraining orders in which the College is listed as a restricted area for the defendant.

UPON RECEIVING A REPORT:

- Broward College will ensure that survivors' immediate safety and medical needs are addressed by contacting appropriate emergency services.
- Notify survivors of their options for contacting law enforcement including on campus law enforcement partners and local police. Included within these options is your right not to make a report to law enforcement. However, if you do, Public Safety will assist you in contacting law enforcement and may provide information on your behalf to them if requested.
Notify survivors of and, upon request, assist with contacting available counseling and community victims' advocacy services.
- Broward College will assist complainants and respondents, upon request, with changes to academic, enrollment, or class schedules when such accommodation is reasonably available. The College will maintain the confidentiality of any accommodations or protective measures to the extent possible, provided that doing so does not impair the College's ability to implement or maintain those measures. Upon receipt of a report of domestic violence, dating violence, sexual assault or stalking, Broward College will provide written notification to students and employees about accommodations available to them, including academic, transportation and working situations. The written notification will include information regarding the accommodation options, available assistance in requesting accommodation, and how to request accommodation and protective measures (i.e., the notification will include the name and contact information for the individual or office that should be contacted to request the accommodation).
- At the victim's request, and to the extent of the victim's cooperation and consent, College offices will work cooperatively to assist the victim in obtaining accommodation. If reasonably available, a victim may be offered changes to academic, working or transportation situations regardless of whether the victim chooses to report the crime to Public Safety or local law enforcement. Examples of options for a potential change to the academic situation may be to transfer to a different section of a class, withdraw

and take a class at another time if there is no option for moving to a different section, etc. Possible changes to work situations may include changing working hours. Possible changes in transportation may include having the student or employee park in a different location, assisting the student or employee with a safety escort, etc.

- If the victim wishes to receive assistance in requesting accommodation, a student should contact the dean of students or Title IX coordinator, and an employee should contact their supervisor/manager or Title IX coordinator. The institution will maintain your confidentiality including redacting your information from records to the extent permissible by law.

PROCEDURES THE COLLEGE WILL FOLLOW WHEN A CRIME OF DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT AND STALKING IS REPORTED

The College has procedures in place that serve to be sensitive to victims who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges and the availability of counseling, victim advocacy, legal assistance, visa and immigration assistance and other services. Additionally, the college provides remedies to prevent contact between a complainant and an accused party, such as academic, transportation and working accommodation, if reasonably available. The College will make such accommodation, if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to Public Safety or local law enforcement. Students should contact the dean of students or Title IX coordinator as noted above and staff should contact their supervisor/manager or Title IX coordinator.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the College, the following are the procedures that the College will follow:

INCIDENT BEING REPORTED	PROCEDURE INSTITUTION WILL FOLLOW
Sexual Assault	• Institution will assess immediate safety needs of complainant • Depending on when reported (immediate vs delayed report), institution will provide complainant with access to medical care and information on preserving evidence • Institution will assist complainant with contacting local police if complainant requests AND provides the complainant with contact information for local police department • Institutions will provide complainant with referrals to on and off campus mental health providers • Institutions will assess need to implement interim or long-term protective measures, if appropriate • Institution will provide the victim with a written explanation of the victim's rights and options • Institution will provide a "no contact" directive to accused party if deemed appropriate • Institution will provide a copy of the policy applicable to Sexual Assault to the complainant and inform the complainant regarding timeframes for inquiry, investigation and resolution • Institution will inform the complainant of the outcome of the investigation, whether the accused will be administratively charged and what the outcome of the hearing is • Institution will enforce the anti-retaliation policy and take immediate and separate action against parties that retaliate against a person for complaining of sex-based discrimination or for assisting in the investigation
Stalking	• Institution will assess immediate safety needs of complainant • Institution will assist complainant with contacting local police if complainant requests AND provides the complainant with contact information for local police department • Institution will provide written information to complainants on how to preserve evidence • Institution will assess need to implement interim or long-term protective measures to protect the complainant, if appropriate • Institution will provide the victim with a written explanation of the victim's rights and options • Institution will provide a "no contact" directive to accused party if deemed appropriate
Dating Violence	• Institution will assess immediate safety needs of complainant • Institution will assist complainant with contacting local police if complainant requests AND provides the complainant with contact information for local police department • Institution will provide written information to complainants on how to preserve evidence • Institution will assess need to implement interim or long-term protective measures to protect the complainant, if appropriate • Institution will provide the victim with a written explanation of the victim's rights and options • Institution will provide a "no contact" directive to accused party if deemed appropriate
Domestic Violence	• Institution will assess immediate safety needs of complainant • Institution will assist complainant with contacting local police if complainant requests AND provides the complainant with contact information for local police department • Institution will provide written information to complainants on how to preserve evidence • Institution will assess need to implement interim or long-term protective measures to protect the complainant, if appropriate • Institution will provide the victim with a written explanation of the victim's rights and options • Institution will provide a "no contact" directive to accused party if deemed appropriate

ASSISTANCE FOR VICTIMS:

RIGHTS AND OPTIONS

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. Such written information will include:

- The procedures victims should follow if a crime of dating violence, domestic violence, sexual assault or stalking has occurred.
- Information about how the institution will protect the confidentiality of victims and other necessary parties.
- A statement that the institution will provide written notification to students and employees about victim services within the institution and in the community.
- A statement regarding the institution's provisions about options for available assistance in, and how to request accommodation and protective measures; and
- An explanation of the procedures for institutional disciplinary action.

Broward College complies with Florida law in recognizing orders of protection. Any person who obtains an order of protection from Florida or any reciprocal state should provide a copy to public safety and the Title IX Coordinator. A complainant may then meet with public safety and the Title IX Coordinator to develop a plan for the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to, special parking arrangements, changing classroom location or assignment modification. The College cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s).

The victim is required to apply directly for these services after completing any of the following protections. Orders available through the State of Florida and applicable jurisdiction include:

The College may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. If the College receives a report that such an institutional no contact order has been violated, the College will initiate disciplinary proceedings appropriate to the status of the accused (student, employee, etc.) and will impose sanctions if the accused is found responsible for violating the no contact order.

INVESTIGATION OF SEXUAL ASSAULT AND SEXUAL HARASSMENT

Allegations of sexual assault or harassment may be investigated by various departments including law enforcement, public safety, student affairs, talent and culture, human resources, legal, and the Title IX Office.

The department or people who have responsibility for investigating as well as the type of investigation will depend on the circumstances of the case. In referencing investigations conducted by the College, the standard of evidence for a disciplinary investigation is a preponderance of the evidence.

Staff Perpetrator: If the alleged perpetrator is a member of the faculty or staff, the College will investigate in accordance with the Broward College policy governing the conduct of faculty and staff.

Student Perpetrator: If the alleged perpetrator is a student, the College will investigate in accordance with the Broward College policy governing the conduct of students.

TITLE IX INVESTIGATION

The Title IX investigation is not a disciplinary process but an administrative one. The purpose of a Title IX investigation is to determine whether conduct prohibited by Title IX occurred; whether there is an ongoing risk of further prohibited conduct and if so, to act to prevent its re-occurrence; whether accommodations for the affected party are needed to remedy the effects of the prohibited conduct; whether accommodation or safety precautions should be put in place; and whether the conduct necessitated a review for disciplinary procedures.

SEXUAL VIOLENCE AWARENESS, EDUCATION AND PREVENTION PROGRAMS

Broward College is committed to preventing dating violence, domestic violence, sexual assault, and stalking through comprehensive, coordinated, and ongoing prevention and awareness efforts. These programs, initiatives, strategies, and campaigns are designed to:

- Be culturally relevant and inclusive of diverse populations and identities;
- Address the evolving needs of the College community;
- Be sustainable and informed by research, best practices, and program assessment; and
- Recognize and address risk and protective factors at the individual, relationship, institutional, community, and societal levels.

Broward College provides primary prevention and awareness programs for all incoming students and new employees, as well as ongoing educational campaigns for students and employees. These programs include information regarding:

- Broward College policies and procedures related to dating violence, domestic violence, sexual assault, and stalking;
- The College's prohibition of dating violence, domestic violence, sexual assault, and stalking, as defined by the Clery Act;
- Applicable federal and state definitions of dating violence, domestic violence, sexual assault, and stalking;
- The legal definition of consent under applicable law;
- Safe and effective bystander intervention techniques, including recognizing situations that may involve potential harm, identifying appropriate methods of intervention, and taking action to help prevent violence; and
- Risk reduction strategies designed to promote safety, increase awareness of warning signs and abusive behavior, encourage proactive intervention, and help reduce conditions that may contribute to violence.

These educational efforts are intended to promote a safe and respectful learning and working environment while empowering members of the College community to recognize, prevent, and respond appropriately to behaviors associated with dating violence, domestic violence, sexual assault, and stalking.

Information regarding:

- Procedures victims should follow if a crime of domestic violence, dating violence, sexual assault and stalking occur (as described in "Procedures Victims Should Follow if a Crime of Domestic Violence, Dating Violence, Sexual Assault and Stalking Occurs" elsewhere in this document);

- How the institution will protect the confidentiality of victims and other necessary parties (as described in “Assistance for Victims: Rights and Options” elsewhere in this document);
- Existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the institution and in the community (as described in “Assistance for Victims: Rights and Options” elsewhere in his document);
- Options for available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures (as described in “Assistance for Victims: Rights and Options” elsewhere in this document); and
- Procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking (as described in “Adjudication of Violations” elsewhere in this document);

The College has developed annual educational campaigns consisting of presentations that include distribution of educational materials to students, faculty, and staff and presenting information and materials during new student and employee orientations.

In addition to training, information is disseminated to students, faculty, and staff through crime prevention awareness packets, pamphlets, electronic notifications, and other handouts available at all Public Safety offices and online at broward.edu/safety that focuses on Safe Dating and Sexual Assault.

BYSTANDER INTERVENTION

Research centering on prevention efforts of sexual violence has shown that bystanders are an intricate part of prevention. Often outnumbering both the perpetrators and the victims, everyone plays a role in stopping sexual violence before it happens. Be an active bystander, someone who is committed to making a choice to become involved and stop sexual violence. Before acting though, understand that active bystander intervention does not encourage or mean putting oneself in danger. Safe options for being an active bystander include:

- Watch out for behaviors that appear inappropriate, forcible, or harassing to possible victims.
- Making up an excuse that allows potential victims to get out of potentially dangerous situations.
- Speaking with him/her and check to confirm he/she is safe and okay.
- Never leave the side of him/her, despite the efforts of someone to get him/her alone or away from others.
- Stepping in to stop an individual’s overuse of alcohol.
- Reporting any suspicious activity to Public Safety or law enforcement.

PRIMARY PREVENTION AND AWARENESS PROGRAMS

Specifically, the College offered the following primary prevention and awareness sexual violence programs for all incoming students in 2025:

PROGRAM	DATE	LOCATION	WHICH PROHIBITED BEHAVIOR* COVERED?
New Student Orientation – Understanding Safety While at College	Continuous	Virtually	Dov, Dav, SA, S
PROGRAM	DATE	LOCATION	WHICH PROHIBITED BEHAVIOR* COVERED?
New Employee Orientation	Continuous	Virtually	Dov, SA, S

*Dov means Domestic Violence, Dav means Dating Violence, SA means Sexual Assault and S means Stalking

The College offered the following primary prevention and awareness sexual violence programs for all incoming new employees in 2025:

HAZING PREVENTION AND AWARENESS

Broward College is committed to fostering a safe, respectful, and inclusive learning environment by prohibiting all forms of hazing. In alignment with the Stop Campus Hazing Act (SCHA), the Chad Meredith Act, and Student Conduct Policy 6Hx2-5.02, the College has strengthened its hazing prevention, reporting, and accountability measures.

Under College policy, hazing includes conduct that causes or is reasonably likely to cause physical injury, psychological harm, intimidation, humiliation, coercion, or emotional distress, regardless of an individual's willingness to participate. These standards apply to all student organizations and groups, whether officially recognized by the College or not, and regardless of where the conduct occurs.

Individuals and organizations may be held accountable for participating in, organizing, encouraging, facilitating, or failing to report hazing activities. Consent, the informal nature of an activity, or the absence of explicit membership requirements do not constitute a defense to hazing. Violations may result in disciplinary action under College policy, criminal penalties under applicable law, or both. Sanctions may include educational interventions, fines, academic holds, suspension, expulsion, loss of organizational privileges, or revocation of recognition.

Broward College maintains a zero-tolerance approach to hazing and works collaboratively with law enforcement and community partners to promote compliance, accountability, and student safety.

Information on the Campus Hazing Transparency Report is available at

<https://www.broward.edu/students/rights-and-responsibilities/stop-campus-hazing-act.html>

Faculty and Staff Awareness Initiatives

To promote awareness and understanding of hazing prevention requirements among employees, Broward College has implemented the following initiatives:

- Communicated updates to Student Conduct Policy 6Hx2-5.02.
- Incorporated hazing prevention information into faculty and staff professional development and Welcome Back presentations.
- Continued educational outreach regarding reporting responsibilities and available resources.

Student and Student Organization Prevention Initiatives

Through Student Life and student engagement programs, Broward College provides ongoing education and prevention efforts for students, clubs, and organizations. These initiatives include:

- Incorporating hazing prevention information and policy requirements into club and organization registration materials.
- Requiring student organization presidents and advisors to acknowledge their understanding of the College's hazing policy and expectations.
- Developing and administering hazing awareness training and educational assessments for student organizations.
- Creating and distributing informational materials outlining hazing policies, reporting procedures, and organizational responsibilities.
- Maintaining online resources and educational materials on the College website to support awareness, prevention, and compliance.

These efforts are designed to educate students and employees about hazing prevention, encourage early reporting of concerns, and promote a culture of respect, accountability, and student well-being throughout the Broward College community.

ONGOING PREVENTION AND AWARENESS CAMPAIGNS

The College offered the following ongoing awareness and prevention programs for students in 2025:

PROGRAM	DATE	LOCATION	WHICH PROHIBITED BEHAVIOR* COVERED?
Shots Fired	Continuous	Virtually	Dov, Dav, SA, S
Personal Safety	February 2025	Central Campus	Dov, Dav, SA, S
Professional Development Day	February 2025	Central Campus	Dov, Dav, SA, S
National Campus Safety Awareness Month Campaign	September 2025	South Campus Central Campus North Campus	Dov, Dav, SA, S

*Dov means Domestic Violence, Dav means Dating Violence, SA means Sexual Assault and S

† Motor Vehicle Theft: Of the 16 reported motor vehicle thefts, 15 involved Public Safety carts (6 in 2023 and 9 in 2024). The remaining 1 incident involved a conventional motor vehicle (2025).

¹ Hate Crimes: No incidents involving bias-motivated crimes were reported for the applicable reporting years. Bias categories include race, gender, religion, sexual orientation, ethnicity, national origin, disability, and gender identity, consistent with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and its implementing regulations at 34 C.F.R. Part 668, Subpart D.

² Unfounded Crimes: A reported crime is classified as unfounded when a sworn or commissioned law enforcement officer has reviewed the report and determined, based on facts, that the reported offense did not occur or was not attempted. Unfounded crimes are excluded from Clery Act crime statistics.

³ Clery Geography: Broward College reports crimes occurring within its Clery-defined geography, which includes On Campus, Non-Campus Property, and Public Property, as required under the Jeanne Clery Act and 34 C.F.R. § 668.46.

⁴ Hazing: In accordance with the Stop Campus Hazing Act, which amended the Jeanne Clery Act, institutional collection of hazing statistics began January 1, 2025. Hazing statistics are therefore not available (N/A) for calendar years 2023 reporting years.

Note: Crime statistics were compiled from reports made to the Department of Safety, Security, and Emergency Preparedness, Campus Security Authorities, and local law enforcement agencies, in accordance with the Jeanne Clery Act (20 U.S.C. § 1092(f)) and 34 C.F.R. § 668.46(c).

¹ Hate Crimes: No incidents involving bias-motivated crimes were reported for the applicable reporting years. Bias categories include race, gender, religion, sexual orientation, ethnicity, national origin, disability, and gender identity, consistent with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and its implementing regulations at 34 C.F.R. Part 668, Subpart D.

² Unfounded Crimes: A reported crime is classified as unfounded when a sworn or commissioned law enforcement officer has reviewed the report and determined, based on facts, that the reported offense did not occur or was not attempted. Unfounded crimes are excluded from Clery Act crime statistics.

³ Clery Geography: Broward College reports crimes occurring within its Clery-defined geography, which includes On Campus, Non-Campus Property, and Public Property, as required under the Jeanne Clery Act and 34 C.F.R. § 668.46.

⁴ Hazing: In accordance with the Stop Campus Hazing Act, which amended the Jeanne Clery Act, institutional collection of hazing statistics began January 1, 2025. Hazing statistics are therefore not available (N/A) for calendar years 2023 and 2024.

Note: Crime statistics were compiled from reports made to the Department of Safety, Security, and Emergency Preparedness, Campus Security Authorities, and local law enforcement agencies, in accordance with the Jeanne Clery Act (20 U.S.C. § 1092(f)) and 34 C.F.R. § 668.46(c).
