

**Memorandum of Understanding
Guaranteed Transfer Admission Agreement
Between
University of Cincinnati
And
Broward College**

Purpose

This Memorandum of Understanding (MOU) allows for a collaboration between Broward College (BC) and the University of Cincinnati (UC) allowing for the guaranteed transfer admission of qualified BC students and guaranteed credit transfers between Broward College and UC contributing to the award of a bachelor's degree from UC. Note that some bachelor's degree options or majors may take more time at UC to complete depending on the exact transfer of courses from Broward College or the nature of the program at UC.

This agreement does not guarantee that all Broward College students will be admitted to the program of their choice at UC, rather this agreement guarantees admission into the University of Cincinnati if the students meet academic admission requirements and enrollment procedures and deadlines. Even adhering to these items does not guarantee admission as certain academic programs may not have enrollment capacity for the students. Nonetheless, this agreement and the relationship between UC and BC has the goal of enrolling as many qualified students to UC as possible.

The Parties agree on the terms and conditions stated below:

1. The Parties

- 1.1. University of Cincinnati (UC)
- 1.2. Broward College (BC)

2. Objectives

- 2.1. The primary objective of this MOU is to allow for easier application, scholarship and transfer of credit for graduates of Broward College to the University of Cincinnati and provide those graduates with the opportunity to earn a bachelor's degree at the University of Cincinnati in the most time efficient manner possible.

3. Programs Overview

3.1. The Transfer Degree Program

- 3.1.1. The program will be composed of 2 stages. Stage 1 consists of two years of study at Broward College and Stage 2 consists of at least 2-3 years of study at UC for a bachelor degree.

3.2. Transfer program

- 3.2.1. The intent of this agreement, and the relationship between Broward College and UC in general, constitutes a collaboration between the two institutions allowing students to enter UC after completion of stage one. However, should students at BC choose to transfer to UC before the completion of stage one, they will be admitted to UC as transfer students as long they meet academic admissions requirements, follow enrollment procedures while meeting posted deadlines, and UC has enrollment capacity for the students.

3.3. Credit Transfer

- 3.3.1. UC will provide appropriate credit transfer for students entering stage 2 of the transfer degree program. Details of the explicit equivalencies are found in Appendix A and B.

- 3.3.2. Students admitted to stage 2 of the transfer degree program will receive a detailed course evaluation from UC clearly indicating the UC transfer credit they will receive from their courses at BC.

4. Admission Standards and Requirements

- 4.1. Broward College students must submit complete applications and follow UC enrollment processes and deadlines. It should also be noted that admissions requirements may vary significantly by undergraduate degree programs at the UC.
- 4.2. Transfer student documentation. Students must apply as transfer students and submit official transcripts from BC and any other institutions of higher education the students have attended. Students transferring less than 24 semester hours of college credit to UC will be required to submit official secondary school transcripts and proof of secondary school graduation.
- 4.3. English requirements
 - 4.3.1. Students must demonstrate their English proficiency as part of the application process. This can be done by submitting official transcripts showing they have completed ENC1101 course at BC with a minimum grade of a "C-" or 2.0 on a 4.0 scale. Alternatively, students can meet UC's English publically posted English language proficiency requirements for undergraduate students. These requirements are posted at <https://admissions.uc.edu/information/international/requirements/freshman.html>.
- 4.4. Grade Point Average Requirement
 - 4.4.1. For guaranteed admission into UC, students should have the equivalent minimum cumulative grade point average of a 2.5 on a 4.0 grading scale. However, some programs require higher GPA and/or completion of specific pre-requisite courses at BC. Consideration for admission will be made on a case by case basis only to students above a 2.0 GPA.
 - 4.4.2. Clearly identified grade point average. It is BC's responsibility to ensure that the cumulative grade point average is accurately calculated, converted to a 4.0 scale and clearly identified on each student's transcript.
- 4.5. Credit Transfer. Refer to Appendix A and B for course equivalencies between BC and UC.

5. Scholarship Requirements

- 5.1. Scholarship availability. All students admitted from Broward College will automatically be reviewed for scholarship consideration. There is no separate scholarship application process.
- 5.2. Scholarship requirements. To be eligible for scholarship consideration, students must have a cumulative grade point average of 3.2 on a 4.0 scale at BC with an earned associate's degree before first term of enrollment at University of Cincinnati.
- 5.3. English Language Proficiency for Scholarships: Students must meet UC's publically posted English language proficiency requirements for scholarship consideration. This proficiency is proven by submitting official Broward College transcripts showing the student has completed ENC1101 course at BC with a minimum grade of a "B-" or 3.0 on a 4.0 scale. Alternatively, students can meet the scholarship requirements that are posted at <https://admissions.uc.edu/information/international/finance/scholarship/transfer.html>.

Currently, these requirements are a 79 overall Internet-based TOEFL score with all sub-scores being 15 or above or a 6.5 IELTS overall score with all sub-scores being at least 5.5, but these criteria are subject to change.

6. Responsibilities of the Parties:

- 6.1. Broward College agrees to the following responsibilities and obligations:
 - 6.1.1. To maintain accreditation by BC's regional accrediting body in the United States.
 - 6.1.2. To promote the Transfer Degree Program and recruit students in honest and ethical manners.
 - 6.1.3. To identify a central point of contact who will assist students aspiring to enroll at UC.
- 6.2. University of Cincinnati agrees to the following responsibilities and obligations:
 - 6.2.1. To maintain regional accreditation by the Higher Learning Commission.
 - 6.2.2. To ensure program approval from the relevant decision-making bodies in UC.
 - 6.2.3. To promote the Transfer Degree program and participate in recruiting students in honest and ethical manners.
 - 6.2.4. UC will accept successfully completed courses as noted in appendix A and B and taught at BC during Stage 1 of the program for credit transfer so that these courses count towards the eventual degree completion at UC.
 - 6.2.5. To provide BC students with clear guidelines for Stage 1 performance at BC that could lead to admission and timely graduation from the undergraduate UC program.
 - 6.2.6. To assist in the student visa application process where necessary for students who complete Stage 1 of the program.
 - 6.2.7. To ensure all students are reviewed for undergraduate scholarship opportunities.
 - 6.2.8. To promote and market the Transfer Degree Program collaboration in hopes of attracting more students to BC and UC.

7. Financial

- 7.1. Unless otherwise specified and agreed in written form by the Parties, each Party will meet the financial costs associated with delivering the academic components of the International Pathways programs in their respective countries.
- 7.2. Each party will determine the student tuition fees for its component of the Transfer Degree Program. In University of Cincinnati's case, transfer students will be charged regular non-resident student tuition fees. Students will be considered for any available scholarships.
- 7.3. Both parties reserve the right to change their fees for any component of the program. Students already progressing through the program may experience a change of fees in line with changes affecting all other students at their respective universities.
- 7.4. Broward College transfer students are responsible for tuition and fees, room and meal expenses, travel, health and accident insurance, books, supplies, and incidental expenses.
- 7.5. All BC transfer students must purchase UC's Student Health Insurance, unless they are currently enrolled in a health insurance plan that is equal to or better than the UC Student Health Insurance Plan. UC's Student Health Insurance Plan

charges will be automatically added to the student’s tuition and fees bill, unless they submit a waiver showing they have appropriate health insurance coverage.

- 7.6. For students who apply for on-campus housing, the UC Office of Housing and Food Services requires payment of a deposit at the time a student applies for housing and a dining plan. Application for housing and dining and payment of the deposit should take place well in advance of arrival at UC. The cost of housing and dining plan depends upon options selected by each student. Payment of the deposit can be made by credit card or by check.

8. Term, Variation and Termination

- 8.1. This Agreement will be effective for a period of five years from the date of signing.
- 8.2. This Agreement may be varied or modified by mutual written agreement.
- 8.3. Either party will be entitled at any time, at its discretion, to terminate the International Pathways program and by giving written notice six (6) months beforehand to the other. Such termination will not adversely affect any students currently enrolled at any stage of the program. Each party will ensure that adequate arrangements are made to complete all commitments before the International Pathways program is terminated.

9. General provisions

- 9.1. Force Majeure. An Institution shall not be responsible for failure to perform any of the obligations imposed by this Agreement, provided such failure shall be occasioned by fire, flood, explosion, lightning, windstorm, earthquake, subsidence of soil, failure or destruction, in whole or in part, of machinery or equipment or failure of supply of materials, discontinuity in the supply of power, governmental interference, civil commotion, riot, war, strikes, labor disturbance, transportation difficulties, labor shortage, or any other cause beyond the reasonable control of such Institution.
